Chenkov's entire career was built on the iron logic that Valhalla never runs out of conscripts. Where other commanders count their losses, Chenkov counts the corpses he can throw at the foe.

ABILITIES

Core

Leader.

Faction

Voice of Command.

Leader

This model can be attached to one of the following units: **Cadian Shock Troops**, **Catachan Jungle Fighters**, **Krieg Combat Engineers**, **Cadian Command Squad**. (Represents Valhallan Infantry under Chenkov's command, proxied as the Cadian / generic AM datasheet.)

"Send in the Next Wave!" Order

Once per battle, in your Command phase, you can issue the **Send in the Next Wave!** Order to a friendly destroyed **Astra Militarum Infantry** unit from your army. Set up a new copy of that unit (at full starting strength) wholly within 6" of any battlefield edge and more than 9" from any enemy units. The new unit counts as a different unit for all purposes (objectives, kills, secondary objectives). Use this ability only once per battle, regardless of how many Officers can issue Orders.

"Numbers Are A Weapon" Order

Once per turn, you can issue this Order to a friendly **Astra Militarum Infantry** unit within 6" of this model that contains 7 or more models. Until the end of the turn, ranged weapons equipped by models in that unit have +1 to the Hit roll AND the **[SUSTAINED HITS 1]** ability.

Disposable!

Friendly **Astra Militarum Infantry** units wholly within 6" of this model automatically pass Battle-shock tests, and may ignore the -1 OC modifier normally applied to a Battle-shocked unit even when not within Chenkov's aura.

Designer's Note

Homebrew — 7th Ed source. Captain Chenkov was the Valhallan Ice Warriors' attrition-strategy character in 5th-7th Ed Codex: Imperial Guard. His three signature abilities were: (1) "Send in the Next Wave!" — literally return-from-the-dead for entire Conscript squads; (2) "Numbers Are A Weapon" — bonus when units are at strength; (3) "Disposable!" — ignore morale because more

bodies are coming. This 10e conversion preserves all three. Send in the Next Wave is throttled to once-per-battle to balance for 10e's smaller infantry counts; Numbers Are A Weapon requires 7+ remaining models; Disposable! gives auto-pass Battle-shock + ignored OC penalty.
