The Onager Gauntlet is a piston-driven power fist mounted to a Crisis arm — a single blow has been recorded to dent the hull armour of an Imperial Knight. Bravestorm wears the iconic XV8-02 'Iridium' pattern Crisis suit, the heaviest Crisis variant.

ABILITIES

Core

Leader, Deep Strike, Feel No Pain 6+.

Faction

For the Greater Good.

Leader

This model can be attached to one of the following units: **Crisis Sunforge Battlesuits**, **Crisis Fireknife Battlesuits**.

Iridium Armour

Each time an attack would inflict damage on this model, the Damage characteristic of that attack is reduced to a maximum of **3**.

Charge of the Bull

On a turn in which this model made a Charge move, until the end of the turn, melee attacks made by this model gain the [LETHAL HITS] ability and its Onager gauntlet gains the [EXTRA ATTACKS] ability.

Sole Survivor

Each time this model would lose its last wound, roll one D6: on a **5+**, this model is not destroyed and instead has its Wounds characteristic reset to 1. This ability cannot trigger more than once per battle.

Designer's Note

Homebrew — 9th Ed source. Bravestorm is the iron-willed brawler — the only Crisis Commander to survive the destruction of his entire squad and a near-fatal encounter with a Hive Tyrant. Stats reflect XV8-02 Iridium's heavier armour (+1 T), Onager Gauntlet preserves the canonical S+6 D4 power-fist profile, and Sole Survivor encodes the lore moment in a single rule.
