Torchstar's incinerator-pattern flamers project a stream of superheated promethium-plasma mix — a weapon notably devastating against light infantry. She is the only female commander among The Eight, and the most reckless.

ABILITIES

Core

Leader, Deep Strike, Lone Operative.

Faction

For the Greater Good.

Leader

This model can be attached to one of the following units: **Crisis Starscythe Battlesuits**, **Crisis Sunforge Battlesuits**.

Reckless Advance

This model can Advance and still shoot that turn. Each ranged weapon equipped by this model gains the [ASSAULT] ability.

Burning Vengeance

Each time this model makes a ranged attack with a Flamer weapon, on an unmodified Wound roll of **6**, the target suffers **1 mortal wound** in addition to normal damage. If the target unit has lost one or more models this battle, instead deal **D3** mortal wounds.

Lone Operative

This model can only be selected as the target of a ranged attack if the attacking model is within **12"**.

Designer's Note

Homebrew — 9th Ed source. Torchstar is the lone wolf of the Eight — she frequently deploys ahead of the formation. Twin flamer with Torrent + Twin-linked + Ignores Cover gives her the strongest anti-horde profile of any Commander; Lone Op + Reckless Advance lets her play forward. Burning Vengeance escalates the damage as the unit takes losses, capturing her canonical 'finish what she started' personality.
