ABILITIES

The Shadowed Lord

At the start of your Command phase, select two The Shadowed Lord abilities. Until the start of your next Command phase, this model has those abilities.

Shadow Step

In the Fight phase, before this model fights, it can move up to 6" (it cannot move within Engagement Range of non-target enemy units).

Strike from Darkness

Until the end of the turn, this model's melee attacks gain the [PRECISION] keyword and can target Characters even if they are not the closest model.

Raven's Shadow [AURA]

While a friendly Raven Guard unit is within 6", models in that unit have the Stealth ability and the Lone Operative ability.

Sire of the Raven Guard [AURA]

While a friendly Raven Guard Infantry unit is within 6", add 1 to its OC. In the first Battle Round, Raven Guard units can hold Objectives even while Battle-shocked.

Wings of Deliverance

This model can Advance and still charge. M 12" represents his wings — he has the Deep Strike ability.

Lord of Shadows

This model has the Lone Operative and Stealth abilities at all times. Enemy models cannot draw line of sight to this model from more than 12" away unless this model is within Engagement Range.
