DA YELLABOYZ MEK MOB

FIVE WALKAS, ONE BIG MEK, AN' A MOUNTAIN O' TEEF

ORKS • BAD MOONS CLAN • DREAD MOB

Da Bad Moons' teef grow faster dan any uvver Ork's, an' dat means dey buy da biggest, shootiest, blingiest gubbinz da Meks can knock together. Dis Mob is Big Mek Zogwort Yellafingaz's pride an' joy: five clankin' walkas, all decked in yella an' checker, all bristlin' wif more dakka dan any one Ork could ever need. An' den he bolted on more, just in case.

FACTION ABILITY — WAAAGH!

"Da boyz iz buildin' up steam. Soon as somefink gets krumped, da rest goes proppa bloodthirsty."

Once per battle, in your Command phase, you can call a WAAAGH! Until the start of your next Command phase: friendly **Orks** units can **Charge** in a turn in which they Advanced; the Attacks characteristic of melee weapons equipped by models in friendly Orks units is increased by **1**; and all **Orks Infantry** models gain a **5+ Invulnerable save** (note: in this CP only the Big Mek benefits from the Invuln; the walkers already have 6+ Inv).

DETACHMENT RULE — DA MEKBOY'S WORKSHOP

BLING, BULLETS, AN' SPANNER-WERK

Da Mek's hammer is never far from his shoota, an' both get plenty o' use.

Each time a friendly **VEHICLE** or **WALKER** unit from this Detachment is selected to shoot, its ranged weapons gain the **[SUSTAINED HITS 1]** ability until the end of the phase.

In addition, in your Command phase, your **Big Mek Warlord** may attempt one repair: select one friendly **WALKER** or **VEHICLE** unit within **3"** of your Warlord; that unit regains up to **D3 lost wounds**.

ENHANCEMENTS

Your **Big Mek with Shokk Attack Gun** is your Warlord and has the **Kustom Tellyporta** Enhancement. You can replace this with **Da Biggest Shoota Out Dere**.

DEFAULT ENHANCEMENT

KUSTOM TELLYPORTA

"Roight, lads, push da big lever. Should work. Probably."

Once per battle, in your Command phase, you can select one friendly **WALKER** or **VEHICLE** unit on the battlefield and remove it from play (it counts as having entered Strategic Reserves). In your next Movement phase, set up that unit anywhere on the battlefield wholly within your opponent's deployment zone or more than **9"** from any enemy unit, whichever you prefer.

OPTIONAL ENHANCEMENT

DA BIGGEST SHOOTA OUT DERE

"Zogwort sez 'e can make a shokk attack gun bigga. Zogwort iz right."

The bearer's **Shokk attack gun** has its Attacks characteristic changed to **D6+3** (was D6+1), and gains the **[DEVASTATING WOUNDS]** ability. Once per battle, when this weapon is fired, you may treat the Hit roll as if it were a 6.

SECONDARY OBJECTIVES

You will use the **More Dakka** secondary objective. You can replace this with **Krump da Big Wuns**.

DEFAULT SECONDARY OBJECTIVE

MORE DAKKA

Da Bad Moons measure victory in spent shells, not held ground.

At the end of each player's turn, score **2VP** if a friendly **WALKER** or **VEHICLE** destroyed one or more enemy units during that turn; score an additional **3VP** if it destroyed two or more (max **5VP per turn**).

— O R —

OPTIONAL SECONDARY OBJECTIVE

KRUMP DA BIG WUNS

Anyone can stomp a grot. Da Mek's lookin' for proppa trophies.

At the end of each player's turn, score **5VP** if a friendly **WALKER** or **VEHICLE** destroyed an enemy **CHARACTER**, **MONSTER**, or **VEHICLE** during that turn (max **10VP per turn**).

Designer's Note — Five Walkas an' a Boss: Every datasheet in this Combat Patrol is canonical 10e — the Bad Moons clan flavour is in the paint, the homebrew detachment rule, and the stratagems. The Big Mek with Shokk Attack Gun's *Leader* keyword normally lets him join a unit of Boyz/Lootas/Mek Gunz/Nobz, but this CP fields no such unit, so he operates as a solo Character (still works fine — his *Deranged Snotling Assault* ability is independent of attachment). The walker mob is heavy on shooting (Big Mek SAG, Deff Dread KMBs, Killa Kan Devastating-Wounds shootas) with Dread claws and Kan claws backing up in melee.
