

DEVIL'S CLAW

CATACHAN JUNGLE STRIKE FORCE

ASTRA MILITARUM • CATACHAN • IMPERIUM

Born and bred on the deathworld of Catachan, these jungle fighters know no fear — only stalking, ambush, and the savage rush of the kill. The Devil's Claw is a fast, aggressive patrol built around closing the distance, lighting the foe with promethium, and finishing them with bayonets and chainsaw teeth.

FACTION ABILITY — VOICE OF COMMAND

Catachan officers lead from the front, bellowing commands over the screaming of flamers and the crack of lasguns.

At the start of your Command phase, your **Officer** model can issue one of the following Orders to one eligible **Regiment** unit within 6". A unit can only benefit from one Order at a time. Battle-shocked units cannot receive Orders.

ORDER	EFFECT
Move! Move! Move!	Add 3" to the Move characteristic of models in this unit until the start of your next Command phase.
Fix Bayonets!	Improve the Weapon Skill of melee weapons equipped by models in this unit by 1 until the start of your next Command phase.
First Rank, Fire! Second Rank, Fire!	Improve the Attacks characteristic of Rapid Fire weapons equipped by models in this unit by 1 until the start of your next Command phase.

ENHANCEMENTS

Your **Catachan Commander** model is your Warlord and has the **Blade of the Jungle** Enhancement. You can replace this with **Death's Head**.

DEFAULT ENHANCEMENT

Blade of the Jungle

This commander's blade has drawn the blood of every apex predator Catachan has to offer.

Melee weapons equipped by the bearer have the [LANCE] and [PRECISION] abilities.

— OR —

OPTIONAL ENHANCEMENT

Death's Head

A grim collection of trophies drives those nearby to furious, reckless violence.

While this model is leading a unit, each time a model in that unit makes a melee attack, an unmodified Hit roll of 5+ scores a Critical Hit.

SECONDARY OBJECTIVES

You will use the **Burn Them Out** secondary objective. You can replace this with **The Hunt Never Ends**.

DEFAULT SECONDARY OBJECTIVE

Burn Them Out

Catachans flush the enemy from cover with sheets of promethium, leaving nothing but ash and screaming.

At the end of your Shooting phase, you score **3VP** if one or more enemy units lost one or more wounds from attacks made with the [TORRENT] or [IGNORES COVER] ability that phase.

— O R —

OPTIONAL SECONDARY OBJECTIVE

The Hunt Never Ends

The greatest trophies hang from a Catachan's belt — warlords' skulls and champions' teeth.

At the end of the battle, you score **3VP** for each enemy **Character** destroyed during the battle, and an additional **5VP** if your opponent's Warlord was destroyed.

STRATAGEMS

Born Killers 1 CP

Devil's Claw — Battle Tactic Stratagem

Catachan Jungle Fighters drop into a knife-fighter's crouch, blades flashing in the green-tinged half-light.

WHEN: Fight phase, just after an enemy unit selects its targets.

TARGET: One **Catachan Jungle Fighters** unit from your army that was selected as the target of one or more attacks.

EFFECT: Until the end of the phase, improve the AP of all melee attacks made by models in your unit by 1.

Into the Green 1 CP

Devil's Claw — Strategic Ploy Stratagem

The Catachans melt into the undergrowth and become a part of the killing forest itself.

WHEN: Your Movement phase.

TARGET: One **Infantry** unit from your army that is not within Engagement Range of any enemy units.

EFFECT: Until the end of the turn, that unit has the Stealth ability and is treated as having the Benefit of Cover.

Scorched Earth 1 CP

Devil's Claw — Battle Tactic Stratagem

Promethium runs hot in Catachan veins — the gunner cracks the regulator and lets it all out at once.

WHEN: Your Shooting phase.

TARGET: One **Hellhound** or **Scout Sentinels** unit from your army.

EFFECT: Until the end of the phase, [TORRENT] weapons equipped by models in your unit gain +2 Strength and the [DEVASTATING WOUNDS] ability.
