

HERETEK MANIPLE

THE TWICE-KILLED ENGINEER'S HUNT

MECHANICUM (HH) • HETERODOX • TRAITOR

Draykavac walks beside his Castellax with the easy familiarity of a slaver among hounds. Behind them, the Blood Slaughterer drags itself forward on hooked-impaler limbs, leaving rivets and prayer-script in its wake. The cogitations are still Mechanicum; the catechism is not.

FACTION ABILITY — DOCTRINA IMPERATIVES

At the start of your Command phase, select one Doctrina Imperative. Cannot select the same Imperative twice in a row.

Conqueror: Hit roll of 6 scores one additional Hit.

Protector: -1 to enemy Hit rolls against this unit.

DETACHMENT RULE — HERETEK CYBERTHEURGY

Heretek Cybertheurgy

Each time a friendly **Mechanicum (Heterodox)** unit makes an attack, you may invoke *Heretek Cybertheurgy*: until the end of the phase, attacks made by that unit gain the [DEVASTATING WOUNDS] ability. After resolving, roll one D6 — on a 1 or 2, *the warp price is paid*: one model in the unit suffers 1 mortal wound. Once per unit per phase.

ENHANCEMENTS

Your **Archmagos Draykavac** is your Warlord and has the **Daemonic Symbiote** Enhancement. You can replace this with **Heretek Augmetics**.

DEFAULT ENHANCEMENT

Daemonic Symbiote

A warp-spawned parasite has bonded with the bearer.

At the start of each of your Command phases, the bearer regains up to D3 lost wounds. In addition, the bearer's melee weapons gain the [DEVASTATING WOUNDS] ability.

— OR —

OPTIONAL ENHANCEMENT

Heretek Augmetics

The bearer has replaced sacred organs with corrupted Heretek variants.

Add 2 to the bearer's Attacks characteristic, and the bearer's melee weapons gain +1 to the Strength characteristic.

SECONDARY OBJECTIVES

You will use the **Warp Price Paid** secondary objective. You can replace this with **Blood Tribute**.

DEFAULT SECONDARY OBJECTIVE

Warp Price Paid

The warp demands. The Heretek pays.

At the end of each player's turn, you score **3VP** if a friendly Heterodox unit invoked Heretek Cybertheurgy this turn AND destroyed one or more enemy units this turn. Score **5VP** instead if your Warlord destroyed an enemy unit.

— O R —

OPTIONAL SECONDARY OBJECTIVE

Blood Tribute

The Brass Throne accepts only the freshest skulls.

At the end of each player's turn, you score **3VP** if a friendly **Daemon Engine** destroyed an enemy unit this turn, OR **5VP** if a friendly Daemon Engine destroyed an enemy unit and was within 6" of an objective marker at the end of the turn.

STRATAGEMS

Warp-Tainted Volley 1 CP

Dark Mechanicum — Battle Tactic Stratagem

The ammunition has been daemon-blessed; the shells scream as they fly.

WHEN: Your Shooting phase, just after a friendly Heterodox Mechanicum unit is selected to shoot.

TARGET: That unit.

EFFECT: Until end of phase, ranged attacks by this unit gain [DEVASTATING WOUNDS]. *After resolution, the unit suffers 1 mortal wound (warp price).*

Brass-Forged Hunger 2 CP

Dark Mechanicum — Battle Tactic Stratagem

Khorne's daemon engines do not tire.

WHEN: Your Fight phase, just after a friendly Heterodox **Daemon Engine** is selected to fight.

TARGET: That unit.

EFFECT: The unit makes its melee attacks twice this phase (resolve each set separately). *After the second set, the unit suffers D3 mortal wounds.*

Daemonic Possession 1 CP

Dark Mechanicum — Strategic Ploy Stratagem

The daemon takes the wheel.

WHEN: Your Command phase.

TARGET: One friendly Heterodox **Vehicle** or **Daemon Engine**.

EFFECT: Until your next Command phase, the unit has Feel No Pain 5+, auto-passes Battle-shock, and cannot Fall Back. *At the start of your following Command phase, the unit suffers D3 mortal wounds.*

DESIGNER'S NOTE

A lean Dark Mechanicum Combat Patrol built around the Heretek Cybertheurgy detachment rule. Draykavac's *Master of the Battle-Automata* aura turns the Castellax Maniple into a re-roll-Hit-and-Wound monster — the core damage of the army. Blood Slaughterer is

the Khorne-flavoured melee anchor; Brass-Forged Hunger doubles its attacks for crushing single-turn priority kills, and the hooked impaler can drag enemy tanks into melee. Note: only 3 units (vs Sacred Maniple's 4) reflects the higher per-unit cost of Heterodox upgrades and a daemon engine.
