

HIDDEN HUNT

THE STALKERS OF THE VOID

AELDARI • ASURYANI • ALAITOC

Illic Nightspear, the Pathfinder Lord of Alaitoc, leads a hand-picked band of Outcasts to war. Voidbringer cradled in his hands, he and his Rangers strike from impossible distances and vanish before the first echo of fire dies away — a patient, surgical war fought from shadow and silence, with the greatest of Aeldari snipers at its head.

FACTION ABILITY — BATTLE FOCUS

The Aeldari move with quicksilver precision — a single warrior can fire and reposition in the same heartbeat.

Each time an **Aeldari** unit from your army Advances, until the end of the turn ranged weapons equipped by models in that unit have the [ASSAULT] ability.

DETACHMENT RULE — STALKING PATROL

Hidden in the Long Grass

If a friendly **Alaitoc** unit Remained Stationary in its previous Movement phase, it has the Stealth ability and is treated as having the Benefit of Cover until the start of its next Movement phase. In addition, ranged attacks against that unit cannot be made by enemy models more than 12" away.

ENHANCEMENTS

Your **Illic Nightspear** model is your Warlord and has the **Mark of the Incomparable Hunter** Enhancement. You can replace this with **Rune of Witnessing**. (Note: in standard 10e, named Epic Heroes cannot take Enhancements; this is permitted as a Combat Patrol exception.)

DEFAULT ENHANCEMENT

Mark of the Incomparable Hunter

The bearer's quarry are dead the moment her gaze finds them.

Ranged weapons equipped by the bearer have the [PRECISION] and [DEVASTATING WOUNDS] abilities. While the bearer is leading a unit, ranged weapons equipped by models in that unit also have [PRECISION].

— OR —

OPTIONAL ENHANCEMENT

Rune of Witnessing

The bearer reads the threads of fate, sidestepping fire that has not yet been loosed.

Once per battle round, you can re-roll one Hit roll, one Wound roll, or one Saving throw made for the bearer or a unit it is leading.

SECONDARY OBJECTIVES

You will use the **Shadow Hunters** secondary objective. You can replace this with **The Hunt at Distance**.

DEFAULT SECONDARY OBJECTIVE

Shadow Hunters

The Outcasts hunt those who think themselves unreachable, severing the head from the foe before he knows his throat is bared.

At the end of each phase, you score **3VP** if a friendly Alaitoc unit destroyed one or more enemy **Character** models that phase from a range of 18" or more.

— O R —

OPTIONAL SECONDARY OBJECTIVE

The Hunt at Distance

An Alaitoc warrior leaves only the wound, never the witness.

At the end of your Shooting phase, you score **2VP** if one or more enemy units lost one or more wounds from ranged attacks made at a range of 24" or more this phase. You score an additional **3VP** if no enemy ranged attack hit one of your units this turn.

Designer's Note: Pathfinders are a **legacy/homebrew unit** — the 10e Aeldari Codex folded them into the standard *Rangers* datasheet. This entry represents a small cadre of Alaitoc Outcasts who have walked the Path longer than most, with hand-wrought rifles and a mastery of stillness. For a fully canonical loadout, swap this unit for a second 5-model Rangers squad (use Datasheet B).
