Servo-arm	Melee	1	4+	8	-2	2	—

ABILITIES

Leader

This model can be attached to a Castellax, Scyllax, Thallax, Ursarax, or Myrmidon unit.

Cybertheurgist

This model is a Cybertheurgist. While this model is on the battlefield, once per battle round, you may invoke a Cybertheurgical Rite: choose one friendly Mechanicum unit within 12" and grant it [SUSTAINED HITS 1] on its next attack action this turn.

Battlesmith

At the start of your Command phase, you can repair one friendly **Vehicle**, **Walker**, or **Battle-Automata** model within 3" of this model: that model regains up to D3 lost wounds, or returns one destroyed model to a Battle-Automata unit (your choice).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Invulnerable Save

The Magos has a 5+ Invulnerable save.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e Magos. The mid-tier Mechanicum HQ — cheaper, less durable, less invul-save than Archmagos. Statline anchored on canonical 10e Tech-Priest Manipulus (T4 W4 Sv4+) but uplifted defensively (T5 Sv2+ 5+inv) for HH-flavour. Standard Cybertheurgist + Battlesmith package.
