ABILITIES

Void Shield Projector

This model has a 5+ invulnerable save. Damage halving as Ulator (above 12 W).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Beam Convergence

Each time this model makes a ranged attack with its Sagittar beam cannon, the attack ignores the Benefit of Cover, and if the target is more than 36" away, improve the AP characteristic by 1 (e.g. AP -5 becomes -6).

Deadly Demise D6

When this model is destroyed, roll one D6 before removing it; on a 6 each unit within 6" suffers D6 mortal wounds.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e Ordinatus Sagittar. Beam-weapon variant Ordinatus — purpose-built tank-killer. Anchored slightly above Ulator on offence (S18 AP-5 D6+6 on a Knight-tier vehicle). Beam Convergence rewards keeping range open.
