ABILITIES

AUTHOR OF THE CODEx

At the start of your Command phase, select two Author of the Codex abilities. Until the start of your next Command phase, this model has those abilities.

Calculating Swordsman

This model has the Fights First ability. Add 1 to the Focus modifier for each Battle Round completed, to a maximum of +4.

Master of Battle

Once per battle round, you can target one friendly Ultramarines unit within 12" with a Stratagem for 0 CP.

Codex Exemplar [AURA]

While a friendly Adeptus Astartes unit is within 6", add 1 to the OC of models in that unit and re-roll Battle-shock tests taken for that unit.

SIRE OF THE ULTRAMARINES [AURA]

While a friendly Ultramarines Infantry unit is within 6", add 1 to its OC and you can re-roll Advance rolls made for that unit. In the first Battle Round, friendly Ultramarines units can hold Objectives even while Battle-shocked.

ULTRAMARINES BODYGUARD

While this model is within 3" of one or more friendly Adeptus Astartes Infantry units, this model has the Lone Operative ability.

ARMOUR OF FATE

The first time this model is destroyed, roll one D6 at the end of the phase: on a 3+, set this model back up as close as possible to where it was destroyed with 6 wounds remaining.
