

SACRED MANIPLE

THE OMNISSIAH'S IRON BRETHREN

MECHANICUM (HH) • LOYALIST • ADEPTUS MECHANICUS

The Magos walks among his Castellax as a priest among his choir, each binary cant a prayer answered in mauler bolt-fire. The Thallax flank, the Krios anchors, and the Sacred Algorithms compute the path of every shell. Mars endures — one cogitator at a time.

FACTION ABILITY — DOCTRINA IMPERATIVES

At the start of your Command phase, select one of the two Doctrina Imperatives. Until your next Command phase, every Mechanicum (HH) model in your army gains the chosen effect. You cannot select the same Imperative two Command phases in a row.

Conqueror: Each time a model makes an attack (ranged or melee), unmodified Hit roll of 6 scores one additional Hit.

Protector: Each time an attack is made against a unit with this Imperative, subtract 1 from the Hit roll.

DETACHMENT RULE — SACRED ALGORITHMS

Sacred Algorithms

Each time a friendly **Mechanicum (Loyalist)** unit makes an attack while within 12" of a friendly **Tech-Priest** model, that attack has the [LETHAL HITS] ability.

ENHANCEMENTS

Your **Magos** is your Warlord and has the **Omnissian Mark** Enhancement. You can replace this with **Cogitator Mastery**.

DEFAULT ENHANCEMENT

Omnissian Mark

The bearer carries the Omnissiah's sacred glyph.

Once per battle, in your Command phase, the bearer regains up to D3+3 lost wounds. In addition, you can select *either* Doctrina Imperative each Command phase regardless of your previous selection.

— O R —

OPTIONAL ENHANCEMENT

Cogitator Mastery

The bearer's cortex links to the army's combined logic-stream.

Friendly Mechanicum units within 12" of the bearer can re-roll Battle-shock tests. Once per battle, you can change your selected Doctrina Imperative at the start of any phase other than your Command phase.

SECONDARY OBJECTIVES

You will use the **Sacred Algorithm Triggered** secondary objective. You can replace this with **Hold the Forge**.

DEFAULT SECONDARY OBJECTIVE

Sacred Algorithm Triggered

The Tech-Priest's cant guided that shot.

At the end of each player's turn, you score **3VP** if a friendly Mechanicum unit destroyed one or more enemy units during that turn while within 12" of a friendly Tech-Priest model. Score **5VP** instead if your Warlord destroyed an enemy unit.

— O R —

OPTIONAL SECONDARY OBJECTIVE

Hold the Forge

Mars endures because Mars does not yield.

At the end of each player's turn, you score **3VP** if every friendly Mechanicum unit on the battlefield is wholly within your half of the battlefield, OR **5VP** if your Warlord controls the objective marker closest to the centre of the battlefield.

STRATAGEMS

Pre-Calculated Strike 1 CP

Taghmata Ommissiah — Battle Tactic Stratagem

The cogitators have already mapped the target's heart.

WHEN: Your Shooting phase, just after a friendly Mechanicum unit is selected to shoot.

TARGET: That Mechanicum unit.

EFFECT: Until the end of the phase, that unit's ranged attacks have +1 to the Wound roll against the closest visible enemy unit.

Sanctified Auspex 1 CP

Taghmata Ommissiah — Battle Tactic Stratagem

The auspex chimes once; cover does not save the heretic.

WHEN: Your Shooting phase, just after a friendly Mechanicum unit is selected to shoot.

TARGET: That Mechanicum unit.

EFFECT: Until the end of the phase, attacks made by this unit ignore the Benefit of Cover, and you can re-roll Hit rolls of 1.

Sacred Rites of the Forge 1 CP

Taghmata Ommissiah — Battle Tactic Stratagem

The chants of the Cult Mechanicus weave repairing nano-magicks through the chassis.

WHEN: Your Command phase.

TARGET: One friendly Mechanicum **Battle-Automata** or **Vehicle** unit.

EFFECT: Until your next Command phase, the unit has the Feel No Pain 5+ ability. At the end of the Command phase, the unit regains 1 lost wound, or one destroyed model returns to a Battle-Automata unit with 1 wound remaining (your choice).

D — Krios Battle Tank <i>Krios pulsar lightning cannon + twin mauler bolt cannon. Mobile gunline.</i>	145
Total	500 pts

DESIGNER'S NOTE

A balanced Taghmata Omnissiah Combat Patrol exercising the full faction kit. Magos enables Sacred Algorithms [LETHAL HITS] when leading the Castellax (3 mauler bolt cannons + lightning hits = the Loyalist's signature damage). Thallax deep-strike via jump pack for objective grabs. Krios provides the long-range gunline anchor. Sacred Rites of the Forge can repair Castellax mid-game; Pre-Calculated Strike and Sanctified Auspex give the army a one-turn alpha-strike option against priority targets. All units are *Loyalist*-allegiance Mechanicum (no Heterodox-only models).
