ABILITIES

Son of the Emperor

At the start of your Command phase, select two Son of the Emperor abilities. Until the start of your next Command phase, this model has those abilities.

Angelic Descent

This model has the Fights First ability. This model can Advance and still charge. Add 3" to its Charge rolls.

Radiant Presence [AURA]

While a friendly Blood Angels unit is within 6", that unit has the Lethal Hits ability on all melee weapons and can re-roll Charge rolls.

Wings of the Angel

Once per battle, if this model would be destroyed, roll one D6: on a 2+ this model is not destroyed; instead, it regains D6 lost wounds and immediately makes a free Charge move of up to 6".

Sire of the Blood Angels [AURA]

While a friendly Blood Angels Infantry unit is within 6", add 1 to its OC and you can re-roll Charge rolls made for that unit. In the first Battle Round, Blood Angels units can hold Objectives even while Battle-shocked.

Great Angel

This model can Advance and still charge. M 12" represents his wings — he has the Deep Strike ability.

Blood Angels Bodyguard

While this model is within 3" of one or more friendly Blood Angels Infantry units, this model has the Lone Operative ability.
