ABILITIES

Cortex Controller

While this unit is within 12" of a friendly **Tech-Priest** model, each time a model in this unit makes an attack you can re-roll a Hit roll of 1. If the friendly Tech-Priest has the **Cybertheurgist** keyword, re-roll all Hit rolls of 1.

Implacable Programming

This model automatically passes Battle-shock tests, and is unaffected by rules that would force it to Fall Back against its preprogrammed orders.

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Guardian Protocols

While this unit is within 3" of a friendly **Mechanicum Character**, that Character has the Feel No Pain 5+ ability and ranged attacks against it suffer -1 to the Wound roll.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e Scyllax Guardian Maniple. Lighter escort-class automata, intended to bodyguard Tech-Priests. Statline anchored between Skitarii Vanguard and Wraithguard (T7 W3 — smaller chassis than Castellax). Guardian Protocols gives them a clear board role independent of their parent unit.
