

SWORDWIND DESCENDS

THE CHILDREN OF KHAINE

AELDARI • ASURYANI • BIEL-TAN

Biel-Tan reveres the Aspect Shrines above all else. When the Swordwind descends, every warrior is a perfected weapon — Banshee howl, Scorpion strike, Avenger volley — each a single facet of the Bloody-Handed God's wrath made manifest. They come to wage war as art.

FACTION ABILITY — BATTLE FOCUS

The Aeldari move with quicksilver precision — every step a feint, every shot a finishing stroke.

Each time an **Aeldari** unit from your army Advances, until the end of the turn ranged weapons equipped by models in that unit have the [ASSAULT] ability.

DETACHMENT RULE — CHILDREN OF KHAINE

The Bloody-Handed God's Wrath

Each time an **Aspect Warrior** unit from your army makes an attack, you can re-roll a Wound roll of 1. If that attack targets a unit that destroyed an Aspect Warrior model from your army earlier this battle, you can re-roll the Wound roll instead.

ENHANCEMENTS

Your **Autarch** model is your Warlord and has the **Banshee Mask** Enhancement. You can replace this with **Mantle of the Laughing God**.

DEFAULT ENHANCEMENT

Banshee Mask

The bearer's war-cry freezes the foe in their tracks — every blow falls before the enemy can answer.

The bearer has the Fights First ability. While the bearer is leading a unit, models in that unit also have the Fights First ability.

— OR —

OPTIONAL ENHANCEMENT

Mantle of the Laughing God

An ancient war-cloak woven of the Laughing God's threads, deflecting shot and gaze alike.

The bearer has the Lone Operative and Stealth abilities. Each time a ranged attack targets the bearer, subtract 1 from the Hit roll.

SECONDARY OBJECTIVES

You will use the **Aspect of War** secondary objective. You can replace this with **Sword Cuts the Throat**.

DEFAULT SECONDARY OBJECTIVE

Aspect of War

The shrines mark the battlefield with the colours of Khaine.

At the end of each player's turn, you score **3VP** for each objective marker you control that is currently being held by an **Aspect Warrior** unit from your army (max 6VP per turn).

— O R —

OPTIONAL SECONDARY OBJECTIVE

Sword Cuts the Throat

The Swordwind comes for the foe's commander first, his army second.

At the end of each phase, you score **4VP** if an Aspect Warrior unit from your army destroyed an enemy **Character** model that phase.

STRATAGEMS

Aspect of Khaine 1 CP

Children of Khaine — Battle Tactic Stratagem

The Exarch invokes the Aspect's purest form — the warriors strike as Khaine himself once struck.

WHEN: Fight phase or Shooting phase, just after a friendly Aspect Warrior unit has been selected.

TARGET: That Aspect Warrior unit.

EFFECT: Until the end of the phase, attacks made by models in your unit have +1 to the Hit roll.

Swordwind Descends 1 CP

Children of Khaine — Strategic Ploy Stratagem

The Aspect Warriors materialise where the foe is weakest, blades already swinging.

WHEN: End of your opponent's turn.

TARGET: One Aspect Warrior unit from your army on the battlefield, not within Engagement Range of any enemy units.

EFFECT: Remove that unit from the battlefield and place it in Strategic Reserves; in your next Movement phase it may be set up via Deep Strike (more than 9" from any enemy).

Bladestorm 1 CP

Children of Khaine — Battle Tactic Stratagem

Avenger shuriken catapults sing in chorus, a storm of mono-molecular discs that scythes everything in their path.

WHEN: Your Shooting phase, just after a friendly **Dire Avengers** unit has been selected to shoot.

TARGET: That Dire Avengers unit.

EFFECT: Until the end of the phase, attacks made by models in your unit have the [SUSTAINED HITS 2] ability and improve the AP characteristic by 1.
