ABILITIES

Leader

This model can be attached to a Castellax, Scyllax, Thallax, Tech-Thrall, or Skitarii Battle-Pilgrim unit.

Battlesmith

At the start of your Command phase, you can repair one friendly **Vehicle**, **Walker**, or **Battle-Automata** model within 3" of this model: that model regains up to D3 lost wounds, or returns one destroyed model to a Battle-Automata unit (your choice).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Designer's Note

Homebrew — HH3e → 10e Conversion. HH3e basic Tech-Priest — the cheapest Mechanicum character, intended to enable the Sacred Algorithms detachment rule on a budget. No Cybertheurgist (that's reserved for Magos+). Battlesmith still present so he can repair vehicles.
