

WRAITHHOST

THE BONE-WALKING DEAD

AELDARI • ASURYANI • IYANDEN

Iyanden's living dead march to war on legs of wraithbone, their souls bound to ghost-shells against the Great Enemy. A Spiritseer's thought directs them; their fists shatter armour with the patience of the grave. They are slow, quiet, and inevitable.

FACTION ABILITY — BATTLE FOCUS

Even Iyanden's slowest constructs move with eerie precision when their Spiritseer wills it.

Each time an **Aeldari** unit from your army Advances, until the end of the turn ranged weapons equipped by models in that unit have the [ASSAULT] ability.

DETACHMENT RULE — GHOSTS OF IYANDEN

Spirit Stones

Friendly **Wraith** units have the Feel No Pain 5+ ability. In addition, at the end of your Command phase, select one friendly Wraith unit on the battlefield: that unit regains up to D3 lost wounds, distributed as you choose among models in the unit.

ENHANCEMENTS

Your **Spiritseer** model is your Warlord and has the **Stone-Forged Soul** Enhancement. You can replace this with **Spirit Mark**.

DEFAULT ENHANCEMENT

Stone-Forged Soul

The bearer's spirit-link is so strong it bleeds defensive will into every wraith-construct it touches.

While the bearer is leading a unit, the Feel No Pain characteristic of models in that unit improves by 1 (e.g. 5+ becomes 4+). The bearer also gains a 5+ Feel No Pain ability.

— OR —

OPTIONAL ENHANCEMENT

Spirit Mark

The bearer marks an enemy with a psychic sigil — the wraiths see only that one foe, and strike it without mercy.

At the start of your Command phase, select one enemy unit visible to the bearer. Until the start of your next Command phase, friendly Wraith units re-roll Wound rolls of 1 against that target (re-roll all Wound rolls if it is a Monster or Vehicle).

SECONDARY OBJECTIVES

You will use the **Vengeance of the Lost** secondary objective. You can replace this with **The Slow March**.

DEFAULT SECONDARY OBJECTIVE

Vengeance of the Lost

Each ghost-shell carries the soul of one of Iyanden's fallen, and they remember.

At the end of each phase, you score **3VP** if a friendly Wraith unit destroyed one or more enemy units that phase.

— O R —

OPTIONAL SECONDARY OBJECTIVE

The Slow March

The wraiths advance at funeral pace, claiming each step of the battlefield as their own.

At the end of each player's turn, you score **2VP** if a friendly Wraith unit is wholly within your opponent's deployment zone, or **5VP** if two or more Wraith units are.

STRATAGEMS

Soul Stone Surge

1 CP

Ghosts of Iyanden — Battle Tactic Stratagem

The Spiritseer pours her own ghost-light into the wraithbone, and the dead rise once more.

WHEN: Your Command phase.

TARGET: One friendly Wraith unit within 6" of **Spiritseer**.

EFFECT: That unit regains up to D3+1 lost wounds, distributed as you choose. Alternatively, you can return one destroyed model to the unit with 1 wound remaining.

Wail of the Dead

1 CP

Ghosts of Iyanden — Battle Tactic Stratagem

The wraithcannons hum in unison, a harmonic shriek that tears matter from existence.

WHEN: Your Shooting phase, just after a friendly **Wraithguard** or **Wraithlord** unit has been selected to shoot.

TARGET: That Wraith unit.

EFFECT: Until the end of the phase, attacks made with wraithcannons by models in your unit have +1 to the Wound roll.

Unyielding Advance

1 CP

Ghosts of Iyanden — Strategic Ploy Stratagem

The wraith-shells know neither fatigue nor fear — they march on through any storm.

WHEN: Battle-shock step of your Command phase, OR end of an opponent's phase.

TARGET: One friendly Wraith unit from your army.

EFFECT: Until the start of your next Command phase, the unit automatically passes Battle-shock tests, and each time it is selected to attack, you can re-roll one Hit roll.
