Designer's Note

Homebrew — 8th Ed source. Carnac Commodus is Arch-Centurion of the Astral Claws 6th Company — a senior officer under Lufgt Huron during the Badab War, despite the 'Centurion' rank-title being Astral-Claws-specific (he doesn't wear a Centurion Warsuit — stats anchor on the 10e Captain baseline T4/W5/Sv3+/5++). Cut Them Down! preserves his

canonical aura — re-roll wound 1s for the Chapter. Hunt of the Tyrant translates the 8e 'Blood Biter +1 MW vs Infantry on 6+ Wound' rule via Sustained Hits + the critical-wound mortal wound trigger. Designed as an affordable secondary Astral Claws character to deploy alongside Lufgt Huron. 11e codex update (18 Oct 2026): power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain 80→90.
