ABILITIES

Core

Leader, Deep Strike.

Faction

Oath of Moment.

Leader

This model can be attached to one of the following units: **Terminator Squad**, **Terminator Assault Squad**, **Sanguinary Guard**, **Bladeguard Veterans**.

Bloody Toll [AURA]

While a friendly **Blood Angels** unit is within 6" of this model, each time a model in that unit makes a melee attack, you can re-roll a Wound roll of 1. While this model is leading the unit, the unit also has the **Furious Charge** ability.

Furious Charge

Each time a model in this model's unit makes a melee attack, if its unit made a Charge move this turn, add 1 to the Strength and Attacks characteristics of that attack.

Master Strategist

If this model is your Warlord, you can re-roll Reserves rolls and Strategic Reserves rolls. Additionally, at the start of your first Command phase you gain 1 CP.

Designer's Note

Homebrew — 7th Ed (Shield of Baal: Deathstorm, 2014). Captain Arenos Karlaen, Brother-Captain of the 1st Company (the Archangels), led the Strike Force that defended Asphodelian against Tyranid Hive Fleet Leviathan. He had datasheets in 7th-9th Edition Codex Blood Angels but no current 10e datasheet. This profile is a homebrew 10e port: statline scaled to 10e Blood Angels Captain in Terminator Armour baseline (M5/T5/W6/Sv2+/4++); Hammer of Baal preserved as relic Thunder

Hammer with Devastating Wounds (representing the 7th Ed Concussive + Master-crafted profile); Bloody Toll as the iconic Strike Force aura ability; Furious Charge restored from his original profile. **11e codex update (18 Oct 2026):** toughness +1 (Terminator armour T6, bikes T6 like codex Outriders); Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain in Terminator Armour 85→90.
