ABILITIES

CORE

Leader, Deep Strike.

FACTION

Oath of Moment.

LEADER

This model can be attached to one of the following units: Sternguard Veteran Squad, Bladeguard Veteran Squad, Vanguard Veteran Squad, Tactical Squad, Assault Intercessor Squad.

RITES OF BATTLE (EXORCISTS) [AURA]

While a friendly Exorcists unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of 1.

HEXAGRAMMATICALLY WARDED ARMOUR

This model is treated as a Psyker for the purposes of Deny the Witch and similar effects. Once per opponent's Psychic phase, this model can attempt to deny one psychic ability targeting a friendly unit within 18" — roll 2D6: on an unmodified 7+, the ability is negated.

WARP-HUNTER

Each time this model makes a melee attack against an enemy Psyker or Daemon, on an unmodified Wound roll of 4+, the target suffers 1 mortal wound in addition to normal damage.

DESIGNER'S NOTE

Homebrew — 8th Ed source. Silas Alberec is the Captain of the Exorcists Chapter — a successor Chapter founded to host daemon-possessed Astartes, then purify them; the survivors retain their psy-awareness without becoming Librarians. Stats anchor on the 10e Captain baseline (T4/W5/Sv2+/4++). Hellslayer's 8e profile (S×2/AP-3/D D3 with D3 vs

Psyker/Daemon) translates to S8/AP-3/D D3 with Anti-Psyker/Anti-Daemon 2+ + Devastating Wounds (the strongest anti-witch weapon in the entire 23-character roster). Hexagrammatically Warded Armour preserves his canonical Deny the Witch capability as a non-Psyker. Warp-Hunter is new flavor — captures the Chapter's mission profile of hunting warp-touched enemies. 11e codex update (18 Oct 2026): power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain 80→90.
