Rites of Battle (Fire Angels) [AURA]

While a friendly **Fire Angels** unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of **1**.

Mechanised Advance [AURA]

While a friendly **Fire Angels Vehicle** unit is within 6" of this model, that unit gains a **6+ Invulnerable Save** against ranged attacks.

Flame of the Angels

Once per battle, in your Shooting phase, when this model is selected to shoot, all three Plasma charger attacks score a Critical Hit on an unmodified Hit roll of **4+** (instead of 6) for that phase. Cannot combine with Supercharge mode this phase.

Designer's Note

Homebrew — 8th Ed source. Tarnus Vale is the Captain of a Fire Angels armoured spear formation — a vehicle-heavy tactical doctrine reflected in the Mechanised Advance aura. Stats anchor on the 10e Captain baseline (T4/W5/Sv3+/4++). Plasma charger preserves the 8e profile (8" Pistol 3 with standard/supercharge modes). Mechanised Advance preserves the canonical 6+ invuln aura for nearby vehicles. Flame of the Angels is new homebrew flavor — Vale's signature in lore is a single perfectly-timed plasma volley that hits with uncanny accuracy. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain 80→90.
