Lifetaker is a relic crozius forged from the skull-cap of a slain Daemon Prince. It is said to gain weight in the presence of an unworthy enemy — and its strikes against named champions kill outright more often than not.

ABILITIES

CORE

Leader, Deep Strike.

FACTION

Oath of Moment.

LEADER

This model can be attached to one of the following units: **Terminator Squad**, **Sternguard Veteran Squad**, **Bladeguard Veteran Squad**, **Vanguard Veteran Squad**, **Assault Intercessor Squad**.

LITANIES OF HATE (EXECUTIONERS) [AURA]

While a friendly **Executioners** unit is within 6" of this model, each time a model in that unit makes a **melee attack**, you can re-roll the Hit roll.

THE ÆNIGMATA FERRUM [AURA]

While a friendly **Executioners** unit is within 6" of this model, each time a model in that unit makes a melee attack, on an unmodified Hit roll of **6**, make **1 additional attack** against the same target with the same weapon. These bonus attacks cannot themselves generate additional attacks.

GREHDALIN'S BONES

Each time a melee attack targets this model, your opponent suffers **-1 to the Hit roll**.

SPIRITUAL LEADER (EXECUTIONERS) [AURA]

While a friendly **Executioners** unit is within 6" of this model, that unit can use this model's Leadership characteristic for Battle-shock and Leadership tests.

Designer's Note

Homebrew — 8th Ed source. High Chaplain Thulsa Kane is the spiritual master of the Executioners Chapter — a black-clad killer whose very presence shifts melee initiative in his favor. Stats anchor on the 10e Captain-tier baseline (T4/W6/Sv2+/4++) — elevated from standard Chaplain stats to reflect his High Chaplain rank and personal combat record. Lifetaker preserves the 8e +2 D vs Character via Anti-Character 4+ and the D3+2 damage profile (the 8e weapon dealt D + 2 vs Characters). The four-ability stack (Litanies + Aenigmata Ferrum + Grehdalin's Bones + Spiritual Leader) is the lore-correct High Chaplain support package — he doesn't out-damage other characters, but he makes the unit he leads almost impossible to engage in melee on equal terms. **11e codex update (18 Oct 2026):** toughness +1 (Terminator armour T6, bikes T6 like codex Outriders); Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain in Terminator Armour 85→90.
