ABILITIES

Core

Leader, Deep Strike, Fly, Jump Pack.

Faction

Oath of Moment.

Leader

This model can be attached to one of the following units: **Assault Intercessor Squad**, **Vanguard Veteran Squad**, **Inceptor Squad**, **Assault Squad with Jump Packs**.

Rites of Battle (Fire Hawks) [AURA]

While a friendly **Fire Hawks** unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of **1**.

Martial Contempt

Each time this model fights, if any enemy **Character** models are within Engagement Range of this model, attacks made by this model **must be directed against a Character target** (you choose which if multiple Characters are in range). On a Charge turn, this model gains the [DEVASTATING WOUNDS] ability against Character targets.

Hawk-Strike

On a turn in which this model finishes a Charge move, attacks made by The Sword Excellus gain +1 to the Strength characteristic AND +1 to the Attacks characteristic.

Teleport Strike

During deployment, you can set this model up in teleportarium reserves instead of on the battlefield. In the Reinforcements step of one of your Movement phases, you can set it up anywhere on the battlefield more than 9" horizontally from all

enemy models.

Designer's Note

Homebrew — 8th Ed source. Elam Courbray is the Knight-Captain of the Fire Hawks — a famed duellist whose pride forces him into single combat against enemy champions whenever the opportunity arises. Stats anchor on the 10e Captain with Jump Pack baseline (M10"/T4/W5/Sv3+/4++ Fly + Jump Pack). The Sword Excellus's 8e profile (re-roll failed wound rolls) is preserved as TWIN-LINKED + PRECISION (the strongest pairing for a duelling weapon). Martial Contempt's canonical 'must target Character' rule is kept verbatim — it's a self-imposed restriction that becomes a strength against champion targets. Hawk-Strike + Charge synergy turns Courbray into a glass-cannon character-hunter. **11e codex update (18 Oct 2026):** power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain 80→90.
