The Black Spear is a master-crafted obsidian-shafted relic of the Minotaurs — said to have been forged from a sliver of a slain Titan-killer Knight. It bites with the savagery of the beast it represents.

ABILITIES

Core

This model can be attached to one of the following units: **Terminator Squad**, **Terminator Assault Squad**, **Sternguard Veteran Squad**, **Bladeguard Veteran Squad**.

Chapter Master of the Minotaurs [AURA]

While a friendly **Minotaurs** unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll a Hit roll of 1.

Fury of the Minotaurs [AURA]

While a friendly **Minotaurs Infantry** unit is within 6" of this model, you can re-roll Charge rolls made for that unit.

Undying Spite

If this model is destroyed in the Fight phase before it has fought that phase, this model may immediately make its melee attacks as if it had fought, then is removed as a casualty. (Pile In and Consolidate moves are not made for this model.)

Living Legend

While this model is your Warlord, at the start of your Command phase you gain **1 Command Point**. This ability triggers only once per battle round.

Designer’s Note

Homebrew — 8th Ed source. Lord Asterion Moloc is the secretive, brutal Chapter Master of the Minotaurs — the High Lords' attack-dog Chapter unleashed during the Badab War. He has no 10th Edition datasheet (FW Adeptus Astartes was dropped at 10e launch). The Black Spear preserves his canonical Anti-Character signature weapon and the 8e Precision-like 'extra attack vs CHARACTER' rule. Stats anchor on the 10e Chapter Master baseline (T6/W7/Sv2+/4++) — slightly elevated from 8e's T4/W7 to reflect his Terminator-pattern Tartaros plate. Undying Spite is the rare 'fight after death' flavor that defines him in the codex — once-per-game equivalent baked into the datasheet. **11e codex update (18 Oct 2026):** toughness +1 (Terminator armour T6, bikes T6 like codex Outriders); Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain in Terminator Armour 85→90.
