The Catechist is Malakim Phoros's relic plasma pistol — a Mars-pattern weapon refit by Lamenters artificers with a melta-fluence chamber. Within half range, its bolts bore through armour like sun-fire.

MELEE WEAPONS

WEAPON	RANGE	A	WS	S	AP	D	KEYWORDS
Glaive of Lamentation	Melee	4	3+	7	-4	D3+2	DEVASTATING WOUNDS

The Glaive of Lamentation is a power glaive whose haft is engraved with the names of every Lamenter who has fallen in the Chapter's centuries of misfortune. It is said to grow heavier with each new name added.

ABILITIES

Core

Leader, Deep Strike.

Faction

Oath of Moment.

Leader

This model can be attached to one of the following units: Sternguard Veteran Squad, Bladeguard Veteran Squad, Vanguard Veteran Squad, Terminator Squad, Tactical Squad.

Lord of Ruin [AURA]

While a friendly Lamenters Infantry, Lamenters Dreadnought, or Lamenters Biker unit is within 6" of this model, each time a model in that unit makes an attack, you can re-roll the Wound roll.

Rage Unto Death

This model is eligible to declare a charge in a turn it Fell Back. In addition, while this model is below its Starting Wounds total, attacks made by Glaive of Lamentation gain +1 to the Attacks characteristic.

Sons of Sanguinius (Cursed) [AURA]

While a friendly Lamenters unit is within 6" of this model, that unit has Feel No Pain 6+ against Mortal Wounds — the Chapter's tragic legacy hardens them against fate's cruelties.

Vow of Penitence

While this model is your Warlord, at the start of the first battle round, you can declare the Vow of Penitence. If you do, until the end of the battle this model and its attached unit cannot Fall Back, but each time this model destroys an enemy Character or Monster, your army gains 1 Command Point (max 3 per battle from this ability).

Designer's Note

Homebrew — 8th Ed source. Malakim Phoros is the Chapter Master of the Lamenters — a successor Chapter of the Blood Angels, cursed with every imaginable misfortune in its history, hence the mourning yellow + blue-tear heraldry. Stats anchor on the 10e Chapter Master baseline (T4/W6/Sv2+/4++). The Glaive of Lamentation preserves its 8e profile (S+3/AP-4/D3, -1 to Hit) via S7/AP-4/D D3+2 with Devastating Wounds replacing the -1 Hit penalty (better 10e balance). The Catechist plasma pistol is an inferred upgrade — IA10 implied half-range bonus damage which maps cleanly to MELTA 2. Sons of Sanguinius (Cursed) is new homebrew flavor — the Lamenters' tragic resilience expressed mechanically as Mortal-Wound FNP. Vow of Penitence converts his canonical lore role (always the Chapter Master who leads from the front, never retreats) into a once-per-battle declaration. 11e codex update (18 Oct 2026): power armour T5 like the codex Intercessors and the Chaos Legionaries; Astartes bolt weapons S5 AP-1 (pistols [CLOSE-QUARTERS]) and codex-named weapons on the codex profile; points scaled with Captain 80→90.
