

LAST CHANCERS

SIX DAMNED SOULS, ONE FINAL MISSION

ASTRA MILITARUM • PENAL LEGION • IMPERIUM

Six condemned soldiers. Each carries the weapon they once trained on — the only thing the Departamento Munitorum trusted them with after the courts-martial. They march at the front of every Tyranid hive, every Chaos breach, every promethium-soaked forge-world. They have nothing to lose because nothing remains.

6 models — each a named specialist with their own equipment loadout. No invulnerable save. Lieutenant Kage has W2.

Six Specialists

The squad consists of 1 Lieutenant Kage (squad leader, W2, laspistol + power sword + medi-pack), 1 Brick (heavy bolter), 1 Gunnar (sniper long-las), 1 Demolition Man "Demo" (meltagun + meltabombs), 1 Bionics Man (boltgun + bionic arm), 1 Una the Madwoman (flamer). Each model uses only their assigned weapon profile.

Suicide Mission

During the first battle round in which this unit shoots or fights, models in the unit re-roll Hit rolls of 1, Wound rolls of 1, and a single failed saving throw.

No Quarter Asked, None Given

This unit cannot Fall Back. It automatically passes Battle-shock tests. Each time a model in this unit would be destroyed, before removing it from play, roll one D6: on a 6, that model can make one final melee attack or shoot one weapon (counts as the Pistol type if ranged) before being removed.

Medi-pack (Lieutenant Kage)

In your Command phase, while Lieutenant Kage is alive, restore 1 lost wound to one model in this unit or to one friendly Astra Militarum Character model within 3".

UNIT COMPOSITION

6 named specialists as listed above (fixed composition — cannot be reinforced or replaced).

Designer's Note. The Last Chancers were Imperial Guard's elite penal squad — six named, specialist-equipped condemned veterans led by Colonel Schaeffer, inspiration for Gav Thorpe's six-novel series. Their identity was three-fold: each model a named specialist with a unique weapon; Suicide Mission attitude (fearless, no retreat); one-shot squad (once dead, gone, no replacement pipeline). Pairs with Colonel Schaeffer for the full thematic squad. **11th-edition verification, 2026-08-31:** checked current 11e BSData directly — no match for "Last Chancers" anywhere; still genuinely unsupported. No stat corrections possible; kept as-is from the prior 10e conversion pass.
