COMBAT PATROL

TWILIGHT CAVALCADE

HARLEQUINS | WARHAMMER 40,000 | 11TH EDITION

The saedath known as the Twilight Cavalcade is one of betrayal, murder and bloodshed, recounting the terrifying aftermath of the Fall. The Knight of Evenfall leads the dance, a cackling herald of the long and inevitable decline into endless night, while Alineth Shadespinner weaves illusion and terror to shield her fellow players as they perform their bloody saedath upon the battlefield stage.

ARMY RULES

BATTLE FOCUS
In war, as in all things, the Aeldari bring the full might of their intellect, skill and agility to bear. Coupled with their exceptional technology, this ensures they move with swiftness and grace that is impossible for the foe to match.

At the start of the battle round, you receive 1 Battle Focus token.

Each time one of the triggers shown below occurs, you can spend one Battle Focus token to enable the relevant eligible unit to perform that Agile Manoeuvre. A unit is eligible to perform an Agile Manoeuvre if it has this ability and has not already performed an Agile Manoeuvre in the same phase. Unless otherwise stated, you cannot trigger the same Agile Manoeuvre more than once per phase. At the end of the battle round, all unspent Battle Focus tokens are lost.

Swift as the Wind — Trigger: When an eligible unit from your army is selected to make a Normal, Advance or Fall Back move. You can trigger this Agile Manoeuvre more than once per phase (provided a different unit performs it each time). Effect: Until the end of the phase, add 2" to the Move characteristic of models in that unit.

Flitting Shadows — Trigger: When an eligible unit from your army is selected to make a Normal, Advance or Fall Back move, is set up on the battlefield, or declares a charge. Effect: Until the end of the turn, enemy units cannot use the Fire Overwatch Stratagem to shoot at that unit.

Fade Back — Trigger: In your opponent's Shooting phase, just after an enemy unit has shot. Effect: One eligible unit from your army that was hit by one or more of those attacks can make a Normal move of up to D6+1".

DETACHMENT RULE

TWILIGHT CAVALCADE
Detachment Points: To use this detachment you must spend 1 DP.

MASQUE OF SHADOWS
Each time a unit from this detachment ends a Normal, Advance or Fall Back move, if it is not within Engagement Range of one or more enemy units, until the end of the phase, that unit is eligible to declare a charge in a turn in which it Advanced.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Take and Hold.
