COMBAT PATROL

STRIKE PLATOON GORGONNE VI

ASTRA MILITARUM | WARHAMMER 40,000 | 11TH EDITION

Tempestor Prime Kreeth's Command Squad comprises veteran Tempestus Scions, the most experienced of elite Gorgonne VI. These specialists guard and support the uncompromising officer while he marshals his exceptional soldiers into the perfect positions for the mission at hand, delivered to the heart of the battle by a Taurox Prime.

ARMY RULE

VOICE OF COMMAND

If your Army Faction is Astra Militarum, Officer models with this ability can issue Orders. Each Officer datasheet specifies how many Orders it can issue in a battle round and which units are eligible to receive those Orders. Each time an Officer model issues an Order, select one of the Orders below, then select one eligible friendly unit within 6" of that Officer model to issue it to.

Officer models can issue Orders in your Command phase and at the end of a phase in which they disembarked from a Transport or were set up on the battlefield.

Until the start of your next Command phase, the unit you selected is affected by that Order. Unless otherwise stated, a unit can only be affected by one Order at a time (any Order subsequently issued to that unit replaces the current one). Orders cannot be issued to Battle-shocked units, and if a unit being affected by an Order becomes Battle-shocked, that Order ceases to affect that unit. Only Astra Militarum models gain the benefit of an Order issued to their unit.

• **Move! Move! Move!** — Add 3" to the Move characteristic of models in this unit.
• **Fix Bayonets!** — Improve the Weapon Skill characteristic of melee weapons equipped by models in this unit by 1.
• **Take Aim!** — Improve the Ballistic Skill characteristic of ranged weapons equipped by models in this unit by 1.
• **First Rank, Fire! Second Rank, Fire!** — Improve the Attacks characteristic of Rapid Fire weapons equipped by models in this unit by 1.
• **Take Cover!** — Improve the Save characteristic of models in this unit by 1 (this cannot improve a model's Save to better than 3+).
• **Duty and Honour!** — Improve the Leadership and Objective Control characteristics of models in this unit by 1.

STRATAGEMS

SERVO-AUGUR ARRAY **1CP**
Strike Platoon Gorgonne VI

When: End of your Command phase.

Target: One friendly Astra Militarum unit.

Effect: Select one objective marker your unit is within range of. That objective marker remains under your control until your opponent's Level of Control over that objective marker is greater than yours at the end of a phase.

SWIFT EXECUTION **1CP**
Strike Platoon Gorgonne VI

When: Your Movement phase.

Target: One friendly Astra Militarum Infantry unit from your army that has not been selected to move this phase.

Effect: Until the end of the phase, add 3" to the Move characteristic of models in your unit.

INDOCTRINATED OBEDIENCE **1CP**
Strike Platoon Gorgonne VI

When: Your opponent's Shooting phase, just after an enemy unit has selected its targets.

Target: One friendly Astra Militarum unit from your army that was selected as the target of one or more of the attacking unit's attacks.

Effect: Until the end of the phase, each time a model in your unit is destroyed, if that model has not shot this phase, roll one D6, adding 3 if your unit has the Vehicle keyword. On a 3+, do not remove the destroyed model from play; it can shoot after the attacking model's unit has finished making its attacks, and is then removed from play.
