COMBAT PATROL

TYRANT'S SPEAR

ASTRAL CLAWS (ADEPTUS ASTARTES) | WARHAMMER 40,000 | 11TH EDITION

Lufgt Huron, Tyrant of Badab, leads a Veteran teleport-strike force into the heart of the foe. Where the Astral Claws fall, oaths of fealty are kept in fire and blood — commanders are slain in their own command bunkers, and the warriors of the Maelstrom Zone hold every objective they seize. Tyrant's Spear is a homebrew Adeptus Astartes Combat Patrol for the Astral Claws Chapter, using the Tyrant's Crusade detachment. Lufgt Huron is a homebrew Character adapted from Imperial Armour 9 (8th Edition); the Terminator Squad, Tactical Squad, and Razorback are canonical BSData datasheets. Formatted to match the No Figure Left Behind Combat Patrol archive. **11e Space Marine codex update (18 Oct 2026):** datasheets brought in line with their updated standalone cards (power armour T5, Terminators T6, Astartes bolt weapons S5 AP-1 with [CLOSE-QUARTERS] pistols, codex weapon profiles). Current card points: Lufgt Huron 160.

ARMY RULE

OATH OF MOMENT
If your Army Faction is Adeptus Astartes, at the start of your Command phase, select one unit from your opponent's army. Until the start of your next Command phase, that enemy unit is your Oath of Moment target. Each time a model with this ability makes an attack that targets your Oath of Moment target, you can re-roll the Hit roll.

SPACE MARINE CHAPTERS
If an Adeptus Astartes unit has a second Faction keyword on its datasheet, that Faction keyword is the name of that unit's Chapter. You cannot include units from more than one Chapter in your army.

DETACHMENT RULE

TYRANT'S CRUSADE
Detachment Points: To use this detachment you must spend 1 DP.

TYRANT'S DISCIPLINED VOLLEY
Once per battle round, when a friendly Tyrant's Spear unit is selected to shoot, you can declare it makes a Disciplined Volley. Until the end of the phase, ranged attacks made by models in that unit have the [SUSTAINED HITS 1] ability. Each unit can only be chosen for a Disciplined Volley once per battle.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Purge the Foe.

PATROL CONTENTS

- **1 Tyrant's Spear Lufgt Huron** (1 model)
- **1 Tyrant's Spear Terminator Squad** (5 models)
- **1 Tyrant's Spear Tactical Squad** (10 models; can be split into two units of 5)
- **1 Tyrant's Spear Razorback** (1 model)

ENHANCEMENTS

Your Lufgt Huron model is your Warlord and has the Tyrant's Predation Enhancement. You can replace this with Lord of Badab.

TYRANT'S PREDATION — *Tyrant's Spear Lufgt Huron model only (default)*
Huron hunts the foe's commanders with focused, surgical violence — severing the head from the body before it knows it is wounded. The bearer's melee weapons have the [PRECISION] and [LETHAL HITS] abilities.

LORD OF BADAB — *Tyrant's Spear Lufgt Huron model only (optional)*
The Tyrant's authority binds his warriors to his will absolutely; oaths sworn at his side cannot be broken. Improve the Objective Control characteristic of models in the bearer's unit by 1. Additionally, while the bearer is on the battlefield, at the start of your Command phase you gain 1CP (this can only trigger once per battle).

SECONDARY OBJECTIVES

You will use the Tyrant's Decree secondary objective. You can replace this with Hold the Maelstrom Zone.

TYRANT'S DECREE (DEFAULT)

Huron's word is law. Where his blade falls, the enemy's commanders fall with it. At the end of each phase, you score 2VP if your Warlord destroyed one or more enemy models that phase.

HOLD THE MAELSTROM ZONE (OPTIONAL)

The Tyrant's Legion seizes the strongholds of its foes and holds them with the savagery of true believers. At the end of each player's turn, you score 5VP if you control one or more objective markers that your opponent controlled at the start of that turn.

STRATAGEMS

MASTER-WROUGHT MUNITIONS **1CP**

Tyrant's Crusade — Battle Tactic Stratagem

When: Your Shooting phase, just after a friendly Astral Claws unit has been selected to shoot.

When: End of your opponent's turn.

Target: One Astral Claws Terminator unit from your army on the battlefield that is not within Engagement Range of any enemy units.

VETERAN INSTINCTS **1CP**

Tyrant's Crusade — Battle Tactic Stratagem

When: Fight phase.

Target: One Terminator unit from your army that has not been selected to fight this phase.
