COMBAT PATROL — HORUS HERESY (30K)

SECRETS OF CALIBAN

DARK ANGELS (HH, LOYALIST) | WARHAMMER 40,000 | 11TH EDITION

Corswain does not commit until he has already seen how the fight ends. Around him, the Firewing Cabal moves unseen, a Recon Squad marks the target no one else has spotted yet, and a Dreadwing Interemptor cadre carries the ordnance the rest of the Legion would rather not explain. Secrets of Caliban is a fully homebrew Combat Patrol for the Dark Angels (Ist Legion) faction — a Horus Heresy-era Loyalist Legion warband adapted to the Warhammer 40,000 11th-edition Combat Patrol framework, built around the real HH3e Dark Angels roster (Corswain, Firewing Enigmatus Cabal, Dreadwing Interemptor Squad) alongside a generic Legiones Astartes unit. Formatted to match the No Figure Left Behind Combat Patrol archive. Approx. 605pts at minimum squad size — Lion El'Johnson is deliberately excluded, a Primarch's points cost alone exceeds this box's budget. **11e Space Marine codex update (18 Oct 2026):** datasheets brought in line with their updated standalone cards (power armour T5, Terminators T6, Astartes bolt weapons S5 AP-1 with [CLOSE-QUARTERS] pistols, codex weapon profiles). Current card points: Corswain 185, Recon Squad 85 / 170, Firewing Enigmatus Cabal 220, Dreadwing Interemptor Squad 115 / 235.

ARMY RULE

WATCHERS IN THE DARK
The Order sees you long before you see it. Each time a friendly Dark Angels unit is selected as the target of a ranged attack, if the attacking model is more than 12" away, subtract 1 from that attack's Hit roll.

DETACHMENT RULE

DARK ANGELS — VENGEANCE OF THE FIRST LEGION
Detachment Points: To use this detachment you must spend 1 DP.

The Order does not settle for the first outcome of a fight if the first outcome was not the right one. Once per battle, at the end of the Fight phase, you can select one friendly Dark Angels unit (excluding Vehicles) that fought this phase and destroyed one or more enemy models. That unit can be selected to fight again, as if it were still your Fight phase. Melee attacks made by that unit during this second fight have the [DEVASTATING WOUNDS] ability.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Purge the Foe.

PATROL CONTENTS

- **1 Corswain** (1 model)
- **1 Recon Squad** (5 models)
- **1 Firewing Enigmatus Cabal** (3 models)
- **1 Dreadwing Interemptor Squad** (5 models)

ENHANCEMENTS

OATH OF THE ORDER — *Corswain model only*
He remembers every name on the list, and crosses each one off in turn. Each time this model destroys an enemy Character model, you gain 1 Command Point. This Enhancement can only trigger once per battle.

UNSEEN GUARD — *Firewing Enigmatus Cabal unit only*
While a friendly Dark Angels Character model is leading this unit, that Character model has a 4+ invulnerable save. If it already has an invulnerable save, use whichever is better.

STRATAGEMS

THE HUNT BEGINS **1CP**
Dark Angels — Battle Tactic Stratagem
When: Your Movement phase, just after a friendly Dark Angels unit is set up on the battlefield from Deep Strike, Reserves, or Reconnaissance Sweep.
Target: That unit.
Effect: Until the end of the turn, ranged weapons equipped by models in that unit have the [LETHAL HITS] ability.

NOTHING ESCAPES THE ORDER 1CP

Dark Angels — Epic Deed Stratagem

When: Fight phase, just after a friendly Dark Angels Character model's attack destroys the last model in an enemy unit.

Target: That Character model.

Effect: If that model has not already made a Normal move this turn, it can make a Normal move of up to 3", which cannot end within Engagement Range of any enemy unit.

THE INNER CIRCLE WATCHES 1CP

Dark Angels — Strategic Ploy Stratagem

When: Your opponent's Command phase.

Target: One friendly Dark Angels unit.

Effect: Until the start of your next turn, that unit cannot be selected as the target of a ranged attack unless it is the closest eligible target to the attacking model.
