HERETEK MANIPLE

DARK MECHANICUM (HETERODOX) | WARHAMMER 40,000 | 11TH EDITION

Draykavac walks beside his Castellax with the easy familiarity of a slaver among hounds. Behind them, the Blood Slaughterers drag themselves forward on hooked-impaler limbs, leaving rivets and prayer-script in their wake. The cogitations are still Mechanicum. The catechism is not. Heretek Maniple is a fully homebrew Combat Patrol for the Dark Mechanicum (Heterodox) faction — a Horus Heresy-era traitor Mechanicum warband adapted to the Warhammer 40,000 11th-edition Combat Patrol framework. All datasheets, the Army Rule, and the Detachment Rule are original homebrew content; there is no official equivalent. Formatted to match the No Figure Left Behind Combat Patrol archive.

ARMY RULE

DOCTRINA IMPERATIVES

At the start of the battle round, you can select one of the Doctrina Imperatives below. Until the end of the battle round, that Doctrina Imperative is active for your army, and all units from your army that have the Doctrina Imperatives ability gain the relevant abilities shown below.

• **Protector Imperative** — Ranged weapons equipped by models in this unit have the [HEAVY] ability. Improve the Ballistic Skill characteristic of ranged weapons equipped by models in this unit by 1. Each time a melee attack targets this unit, if this unit has the Battleline keyword and/or it is within 6" of one or more friendly Adeptus Mechanicus Battleline units, subtract 1 from the Hit roll.

• **Conqueror Imperative** — Ranged weapons equipped by models in this unit have the [ASSAULT] ability. Improve the Weapon Skill characteristic of melee weapons equipped by models in this unit by 1. Each time a model in this unit makes an attack, if this unit has the Battleline keyword and/or it is within 6" of one or more friendly Adeptus Mechanicus Battleline units, improve the Armour Penetration characteristic of that attack by 1.

DETACHMENT RULE

DARK MECHANICUM

Detachment Points: To use this detachment you must spend 1 DP.

HERETEK CYBERTHEURGY

Each time a friendly Heretek Maniple Heterodox Mechanicum unit is selected to shoot or fight, you may invoke Heretek Cybertheurgy. If you do, until the end of the phase attacks made by models in that unit gain the [DEVASTATING WOUNDS] ability. After resolving that unit's attacks, roll one D6: on a 1 or 2, one model in the unit suffers 1 mortal wound (the warp price). This ability can only be invoked once per unit per phase.

FORCE DISPOSITIONS

This detachment has access to the following Force Disposition: Purge the Foe.

PATROL CONTENTS

- **1 Heretek Maniple Archmagos Draykavac** (1 model)
- **1 Heretek Maniple Castellax Battle-Automata** (3 models)
- **1 Heretek Maniple Blood Slaughterer** (1 model)

ENHANCEMENTS

DAEMONIC SYMBIOTE — *Heretek Maniple Archmagos Draykavac model only*

A warp-spawned parasite has bonded with the bearer. At the start of each of your Command phases, the bearer regains up to D3 lost wounds. In addition, the bearer's melee weapons gain the [DEVASTATING WOUNDS] ability.

HERETEK AUGMETICS — *Heretek Maniple Blood Slaughterer unit only*

Every model in this unit has replaced sacred organs with corrupted Heretek variants. Add 2 to the Attacks characteristic of melee weapons equipped by models in this unit, and add 1 to the Strength characteristic of melee weapons equipped by models in this unit.
