COMBAT PATROL — HORUS HERESY (30K)

THE LONG SIEGE

DEATH GUARD (HH, TRAITOR) | WARHAMMER 40,000 | 11TH EDITION

Calas Typhon does not hurry. Behind him, a Breacher Squad holds the shield wall while Mortus Poisoners lay down chemical fire, and the Deathshroud simply wait — patient, armoured, and entirely certain the enemy will exhaust itself first. The Long Siege is a fully homebrew Combat Patrol for the Death Guard (XIV Legion) faction — a Horus Heresy-era Traitor Legion warband adapted to the Warhammer 40,000 11th-edition Combat Patrol framework, built around the real HH3e Death Guard roster (Calas Typhon, Mortus Poisoner Squad, Deathshroud Terminator Squad) alongside a generic Legiones Astartes unit. Formatted to match the No Figure Left Behind Combat Patrol archive. Approx. 555pts at minimum squad size — Mortarion is deliberately excluded, a Primarch's points cost alone exceeds this box's budget. **11e Space Marine codex update (18 Oct 2026):** datasheets brought in line with their updated standalone cards (power armour T5, Terminators T6, Astartes bolt weapons S5 AP-1 with [CLOSE-QUARTERS] pistols, codex weapon profiles). Current card points: Calas Typhon 90, Breacher Squad 115 / 225, Mortus Poisoner Squad 75 / 150, Deathshroud Terminator Squad 275 / 525.

ARMY RULE

REMORSELESS ADVANCE
A Death Guard company does not need to choose between moving and shooting straight. Each time a model in a friendly Death Guard unit makes a ranged attack with a weapon that has the [HEAVY] ability, that attack still gains the benefit of [HEAVY] even if the unit made a Normal Move this turn (instead of only if it Remained Stationary).

DETACHMENT RULE

DEATH GUARD — GRIM ENDURANCE
Detachment Points: To use this detachment you must spend 1 DP.

Something in Barbaran flesh simply refuses to stop working, long after any reasonable body would have given out. Friendly Death Guard Infantry units have the [FEEL NO PAIN 6+] ability.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Take and Hold.

PATROL CONTENTS

- **1 Calas Typhon** (1 model)
- **1 Breacher Squad** (5 models)
- **1 Mortus Poisoner Squad** (5 models)
- **1 Deathshroud Terminator Squad** (5 models)

ENHANCEMENTS

BARBARAN HIDE — *Calas Typhon model only*
Skin toughened by a world that tried to kill everything born on it. The bearer has the [FEEL NO PAIN 5+] ability (instead of the detachment's 6+).

UNBREAKABLE MARCH — *Deathshroud Terminator Squad unit only*
Some soldiers stop when they're told to fall back. This unit never learned how. This unit cannot be selected to Fall Back, and ignores modifiers to its Movement characteristic. In addition, this unit automatically passes Battle-shock tests.

STRATAGEMS

BARBARAN ENDURANCE **2CP**
Death Guard — Strategic Ploy Stratagem
When: Your opponent's Shooting phase, just after they select a friendly Death Guard Infantry unit (that is not a Vehicle) as the target of a ranged attack.
Target: That unit.
Effect: Remove that unit from Battle-shock if it is currently under that effect. Until the end of the phase, that unit has the [FEEL NO PAIN 5+] ability and automatically passes Battle-shock tests. Use this Stratagem only once per battle.

CHEMICAL PAYLOAD **1CP**

Death Guard — Battle Tactic Stratagem

When: Your Shooting phase, just after a friendly Death Guard unit is selected to shoot.

Target: That unit.

Effect: Until the end of the phase, each time a model in that unit makes a ranged attack, an unmodified Wound roll of 3+ always scores a wound, regardless of the target's Toughness characteristic.

GRAVE DISCIPLINE **1CP**

Death Guard — Strategic Ploy Stratagem

When: End of any phase, if a friendly Death Guard unit lost one or more models earlier this phase.

Target: That unit.

Effect: That unit automatically passes Battle-shock tests until the end of the battle round.

MISSION

You control one or more **expansion objectives**.	**5VP**

When: End of the battle.	
For each **objective** you control.	**5VP**
