COMBAT PATROL

THE BLADES OF TORMENT

DRUKHARI | WARHAMMER 40,000 | 11TH EDITION

Originally assembled for the terror raids on the night world of Somniad, Archon Malivex's warriors have now fought together on numerous realspace raids. The Archon prizes swift and merciless butchery, and it is well known that he will abandon to a bloody fate any who cannot keep pace with him. As such, his followers strive constantly not only to impress their cruel master with their violent excesses, but also to ensure they never fall behind the quicksilver tempo he sets for his hit-and-run attacks.

ARMY RULES

POWER FROM PAIN

The Drukhari are experts in precise torture, sharp blades, cruel poisons and eldritch abominations. Using the labyrinthine network of webway spars, they strike almost anywhere. Realspace raiding parties prey upon worlds across the galaxy, surging from hidden portals unknown to those they see merely as cattle or playthings. As the Drukhari feed on the souls of the slain, they become imbued with supernatural might, eventually turning into killing machines.

Units from your army can become Empowered Through Pain. This is done using Pain tokens. You gain 1 Pain token: at the start of the battle; each time an enemy unit is destroyed; each time an enemy unit fails a Battle-shock test.

Each time you gain a Pain token, keep it to one side — this is your Pain token pool. Each unit from your army with the Power from Pain ability has its own named (Pain) ability. When you select that unit to shoot or fight (or, for some units, in your Movement or Command phase, as noted on its own ability), you can spend 1 Pain token to Empower that unit. While Empowered, that unit gains the effect described in its own (Pain) ability.

DETACHMENT RULE

THE BLADES OF TORMENT

Detachment Points: To use this detachment you must spend 1 DP.

QUICKSILVER TEMPO

Each time a unit from this detachment destroys an enemy unit, until the end of the battle, that unit can ignore any or all modifiers to its Advance and Charge rolls.

This detachment has access to the following Force Disposition: Purge the Foe.
