COMBAT PATROL
MEDUSAN REDOUBT

ADEPTUS ASTARTES | WARHAMMER 40,000 | 11TH EDITION

Techmarine Gorloch Kataan holds the line with cold, mechanical resolve — a squad of Gravis-armoured Heavy Intercessors laying down withering volleys, and a Firestrike Servo-turret watching the flanks for any who dare approach. **11e Space Marine codex update (18 Oct 2026):** datasheets re-synced to the 11e Space Marine codex in BSData (toughness, weapon profiles and keywords).

This is a fan conversion, not an official Games Workshop product. Medusan Redoubt was originally released as an official GW Combat Patrol datasheet PDF in the older pre-Detachment-Points format (a single Warlord Enhancement choice, no Force Dispositions); this reference adapts it to the 11th-edition Combat Patrol framework (Detachment Points, a new Detachment Rule, Force Dispositions, and two unit-targeted Enhancements), following the conventions observed across GW's own official 11th-edition Combat Patrol conversions. Formatted to match the No Figure Left Behind Combat Patrol archive.
