COMBAT PATROL

ASKAR'S WOLFPACK

SPACE WOLVES (ADEPTUS ASTARTES) | WARHAMMER 40,000 | 11TH EDITION

Fyrri Askar leads a savage hunting pack — Blood Claws charging headlong into combat while Wolf Guard Terminators and the feral Wulfen tear into anything that stands in their way. This reference compiles the official Combat Patrol: Askar's Wolfpack detachment rules and datasheets exactly as presented in the Warhammer 40,000 app, formatted to match the No Figure Left Behind Combat Patrol archive. **11e Space Marine codex update (18 Oct 2026):** datasheets re-synced to the 11e Space Marine codex in BSData (toughness, weapon profiles and keywords).

ARMY RULES

CURSE OF THE WULFEN
While this unit is within 6" of one or more friendly Space Wolves Character models (excluding Wulfen models) or within 12" of one or more friendly Wolf Priest models, if it is not Battle-shocked, add 1 to the Objective Control characteristic of Infantry models in it and add 3 to the Objective Control characteristic of Vehicle models in it.

OATH OF MOMENT
If your Army Faction is Adeptus Astartes, at the start of your Command phase, select one unit from your opponent's army. Until the start of your next Command phase, that enemy unit is your Oath of Moment target. Each time a model with this ability makes an attack that targets your Oath of Moment target, you can re-roll the Hit roll.

SAGAS
Each Detachment rule in Codex Supplement: Space Wolves includes a Saga you can complete, with additional effects that apply once you have done so.

SONS OF RUSS
If an Adeptus Astartes unit has a second Faction keyword on its datasheet, that Faction keyword is the name of that unit's Chapter. For example, Ragnar Blackmane has both the Adeptus Astartes and Space Wolves Faction keywords, and is therefore from the Space Wolves Chapter. You cannot include units from more than one Chapter in your army. If your army uses any of the Detachments from this book, it can include Space Wolves units, but it cannot include any Adeptus Astartes units drawn from any other Chapter.

DETACHMENT RULE

ASKAR'S WOLFPACK
Detachment Points: To use this detachment you must spend 1 DP.

HIDDEN HUNTERS
Friendly Askar's Wolfpack units have -3" detection range.

FORCE DISPOSITIONS
This detachment has access to the following Force Disposition: Purge the Foe.
