# THE EIGHT

**T'AU EMPIRE (FARSIGHT ENCLAVES) | WARHAMMER 40,000 | 11TH EDITION**

---

They came together as exiles — eight Crisis Commanders bound to a single heretic prince beyond the borders of the Empire. Where one of them strikes, all eight strike. Where one falters, seven cover. The Eight do not fight as a squad. They fight as a single will, eight bodies, eight guns, and one short blade burning at the centre. This is a homebrew T'au Empire Combat Patrol restoring The Eight as a single 8-model bonded unit, adapted to the 11th-edition Combat Patrol framework. Individual Commander cards exist as separate Epic Hero reference datasheets for use at full points in normal play. Formatted to match the No Figure Left Behind Combat Patrol archive.

## ARMY RULE

**FOR THE GREATER GOOD**
Once per turn, when an enemy unit is selected as the target of an attack by a friendly T'au Empire unit from your army, until the end of the phase, each time a friendly T'au Empire unit makes an attack against that target, re-roll a Hit roll of 1.

## DETACHMENT RULE

**BOND OF EIGHT**
**Detachment Points:** To use this detachment you must spend 1 DP.

**THE EIGHT STRIKE AS ONE**
The Eight gain escalating benefits while their fellowship remains intact:

• **4 or more models remain in the unit** — Ranged attacks made by The Eight gain the [LETHAL HITS] ability.
• **6 or more models remain in the unit** — Melee attacks made by The Eight gain the [LETHAL HITS] ability.
• **All 8 models still in the unit** — Re-roll Wound rolls of 1 for all attacks made by The Eight against Monster or Vehicle units.

**FORCE DISPOSITIONS**
This detachment has access to the following Force Disposition: Priority Assets.

## ENHANCEMENTS

**MONT'KA ASCENDANT — *The Eight Farsight model only***
Once per battle, at the start of any of your phases, the bearer may call Mont'ka. Until the end of that phase, each model in the bearer's unit can re-roll both Hit and Wound rolls of 1, and attacks made by the unit gain the [DEVASTATING WOUNDS] ability against Character targets.

**KAUYON PATIENCE — *The Eight Ob'lotai 9-0 model only***
If the bearer's unit Remained Stationary in your first Movement phase, for the rest of the battle, ranged attacks made by the bearer's unit have their Armour Penetration characteristic improved by 1.

## STRATAGEMS

**BONDED STRIKE** **1CP**
*Bond of Eight — Battle Tactic Stratagem*
**When:** Your Shooting phase, just after The Eight has been selected to shoot.
**Target:** One enemy unit visible to one or more models in The Eight.
**Effect:** Until the end of the phase, attacks made by The Eight against that target re-roll both Hit and Wound rolls.

**DRONE SACRIFICE** **1CP**

*Bond of Eight — Strategic Ploy Stratagem*

**When:** Your opponent's Shooting phase or Fight phase, just after an attack against The Eight has been allocated.

**Target:** The Eight.

**Effect:** Roll one D6. On a 2+, that attack is ignored (it has no effect on the unit). On a 1, the attack resolves as normal.

**COORDINATED ANNIHILATION** **2CP**

*Bond of Eight — Epic Deed Stratagem*

**When:** Your Shooting phase, just after The Eight has been selected to shoot.

**Target:** The Eight.

**Effect:** Until the end of the phase, the Attacks characteristic of all ranged weapons equipped by models in The Eight is doubled. Use this Stratagem only once per battle.

### ABILITIES

**CORE: Deep Strike (all models except Ob'lotai 9-0)**

**CORE: Lone Operative (Torchstar only)**

**CORE: Feel No Pain 6+ (Bravestorm only)**

**Faction — For the Greater Good**

See Army Rule.

**Way of the Short Blade (Farsight only)**

While Farsight is a model in this unit, each time a model in this unit makes an attack that targets an enemy unit within 9", add 1 to the Wound roll.

**Puretide's Teachings (Farsight only)**
Once per battle round, while Farsight is a model in this unit, this unit can use this ability when it is targeted with a Stratagem. If it does, reduce the CP cost of that use of that Stratagem by 1CP.

**Sword-Saint Surge (Brightsword only)**
Brightsword can Advance and still charge that turn. Each time Brightsword finishes a Charge move, he makes 2 additional melee attacks that phase with his Twin Fusion Blades.

**Strike of the Twin Suns (Brightsword only)**
Once per battle, in your Fight phase, when this unit is selected to fight, you may declare a Strike of the Twin Suns. Until the end of the phase, attacks made by Brightsword's Twin Fusion Blades have their Damage characteristic improved by 1, and the [DEVASTATING WOUNDS] ability.

**Iridium Armour (Bravestorm only)**
Each time an attack would inflict damage on Bravestorm, the Damage characteristic of that attack is reduced to a maximum of 3.

**Charge of the Bull (Bravestorm only)**
On a turn in which Bravestorm made a Charge move, until the end of the turn, melee attacks made by Bravestorm gain the [LETHAL HITS] ability and his Onager Gauntlet gains the [EXTRA ATTACKS] ability.

**Sole Survivor (Bravestorm only)**
Each time Bravestorm would lose his last wound, roll one D6: on a 5+, he is not destroyed and instead has his Wounds characteristic reset to 1. This ability cannot trigger more than once per battle.

**Coordinated Fire Strategist (Arra'kon only)**
At the start of your Shooting phase, select one friendly T'au Empire unit within 9" of Arra'kon. Until the end of the phase, each time a model in that unit makes a ranged attack, you can re-roll a Hit roll of 1; if that attack targets a Spotted unit, you can also re-roll a Wound roll of 1.

**Veteran of a Hundred Engagements (Arra'kon only)**
Once per phase, you can re-roll one Hit roll, one Wound roll, or one Damage roll made for Arra'kon.

**Reckless Advance (Torchstar only)**
Torchstar can Advance and still shoot that turn. Each ranged weapon equipped by Torchstar gains the [ASSAULT] ability.

**Burning Vengeance (Torchstar only)**
Each time Torchstar makes a ranged attack with a Flamer weapon, on an unmodified Wound roll of 6, the target suffers 1 mortal wound in addition to normal damage. If the target unit has lost one or more models this battle, instead deal D3 mortal wounds.

**Drone Master (Sha'vastos only)**
Sha'vastos is accompanied by 2 Marker Drones: while Sha'vastos is a model in this unit, this unit has the Markerlight keyword and can act as an Observer unit even if it Advanced this turn.

**Wisdom of Years (Sha'vastos only)**
While Sha'vastos is a model in this unit, each time a model in this unit makes a ranged attack that targets a Spotted unit, add 1 to the Hit roll.

**Veteran Eye (Sha'vastos only)**
Sha'vastos is eligible to shoot and declare a charge in a turn in which he Fell Back.

**AI-Driven (Ob'lotai 9-0 only)**
Ob'lotai 9-0 cannot be your Warlord. He automatically passes Battle-shock tests, never Falls Back, and ignores all modifiers to his Leadership and Hit rolls.

**Static Gun Platform (Ob'lotai 9-0 only)**
If this unit Remained Stationary in your previous Movement phase, until the start of your next turn, each time Ob'lotai 9-0 makes a ranged attack, add 1 to the Hit roll.

**Ghost in the Machine (Ob'lotai 9-0 only)**
Each time Ob'lotai 9-0 would be destroyed, roll one D6: on a 5+, instead of being destroyed, set his remaining Wounds to 1. This ability triggers only once per battle.

**Sentinel Protocol (Ob'lotai 9-0 only)**
While a friendly The Eight model is within 9" of Ob'lotai 9-0, each time that model makes a ranged attack, you can re-roll a Hit roll of 1.

**Shield Drone Network (O'Vesa only)**
O'Vesa is accompanied by 3 Shield Drones. Attacks targeting O'Vesa suffer -1 to the Wound roll. Once per battle round, when O'Vesa would lose a wound from an attack, you may sacrifice a Shield Drone to ignore that attack on a roll of 4+.

**Mobile Fortress (O'Vesa only)**
While a friendly Battlesuit unit is within 6" of O'Vesa, models in that unit have the Feel No Pain 5+ ability against Mortal Wounds.

**Drone Maintenance (O'Vesa only)**
In your Command phase, you can return 1 destroyed Shield Drone to O'Vesa. This can only restore Shield Drones that were destroyed earlier in the battle, and only once per battle round.

**Coherency**
Attacks must be allocated to the closest model in this unit unless a Shield Drone effect intervenes.
