COMBAT PATROL — HORUS HERESY (30K)

BLOOD ON THE SAND

WORLD EATERS (HH, TRAITOR) | WARHAMMER 40,000 | 11TH EDITION

Khârn leads from the front, as he always does, the Despoilers at his back and the Rampagers already ahead of him — nobody in this warband waits to be told to close the distance. A Sabre strike tank clears the path with quad lascannon fire so the killing can start sooner. Blood on the Sand is a fully homebrew Combat Patrol for the World Eaters (XII Legion) faction — a Horus Heresy-era Traitor Legion warband adapted to the Warhammer 40,000 11th-edition Combat Patrol framework, built around the real HH3e World Eaters roster (Khârn the Bloody, Rampager Squad) alongside generic Legiones Astartes units. Formatted to match the No Figure Left Behind Combat Patrol archive. **11e Space Marine codex update (18 Oct 2026):** datasheets brought in line with their updated standalone cards (power armour T5, Terminators T6, Astartes bolt weapons S5 AP-1 with [CLOSE-QUARTERS] pistols, codex weapon profiles). Current card points: Khârn the Bloody 115, Despoiler Squad 95 / 190, Rampager Squad 115 / 225, Sabre Strike Tank 145.

ARMY RULE

VIOLENCE INCARNATE

The World Eaters need no tactical genius to fight well — only a target within reach. Each time a model in a friendly World Eaters unit makes a melee attack on a turn in which that unit made a Charge move, add 1 to that attack's Attacks characteristic.

DETACHMENT RULE

WORLD EATERS — LOST TO THE NAILS

Detachment Points: To use this detachment you must spend 1 DP.

When the Legion's discipline fails, the Nails do not. Each time a friendly World Eaters unit is selected to take a Battle-shock test, you can choose for that unit to become Lost to the Nails instead of taking that test. While a unit is Lost to the Nails: it automatically passes Battle-shock tests, and any Battle-shock effects already affecting it end immediately; add 1" to the distance of any Normal, Advance, or Charge move it makes; add 1 to the Attacks characteristic of melee weapons equipped by models in the unit; and if, at the start of the Charge phase, this unit is within 12" of one or more enemy units, it must declare a charge, targeting the closest such enemy unit. A unit stops being Lost to the Nails at the start of any Charge phase in which no enemy unit is within 12" of it.

FORCE DISPOSITIONS

This detachment has access to the following Force Disposition: Purge the Foe.

PATROL CONTENTS

- **1 Khârn the Bloody** (1 model)
- **1 Despoiler Squad** (5 models)
- **1 Rampager Squad** (5 models)
- **1 Sabre Strike Tank** (1 model)

ENHANCEMENTS

CRIMSON RICTUS — *Khârn the Bloody model only*

A grin carved by the Nails, permanent, the same on every face that wears it. Melee weapons equipped by the bearer have the [LETHAL HITS] ability.

THE BUTCHER'S MARK — *Rampager Squad unit only*

Some do not wait for the Nails to fail them. Some go looking for the moment on their own. Once per battle, at the start of any Fight phase, this unit can become Lost to the Nails without needing to take a Battle-shock test, and while it remains Lost to the Nails from this effect, add 2 to the Attacks characteristic of its melee weapons (instead of 1).
