DETACHMENT — HORUS HERESY (30K)

DARK MECHANICUM

MECHANICUM (HH, HETERODOX) | WARHAMMER 40,000 | 11TH EDITION

Draykavac walks beside his Castellax with the easy familiarity of a slaver among hounds. The cogitations are still Mechanicum. The catechism is not. This is a fully homebrew Detachment for the Dark Mechanicum (Heterodox) faction — a Horus Heresy-era traitor Mechanicum warband adapted to the Warhammer 40,000 11th-edition Detachment framework. Formatted to match the No Figure Left Behind Combat Patrol archive.

FACTION ABILITY

DOCTRINA IMPERATIVES

These units use the Adeptus Mechanicus army rule **Doctrina Imperatives** (Codex: Adeptus Mechanicus, 11th edition): at the start of each battle round, select one Doctrina Imperative; it is active for every unit from your army with the Doctrina Imperatives ability until the end of the battle round.

DETACHMENT RULE

HERETEK CYBERTHEURGY

Detachment Points: To use this detachment you must spend 1 DP.

Each time a friendly Horus Heresy unit is selected to shoot or fight, you can invoke Heretek Cybertheurgy. If you do, until the end of the phase, weapons equipped by models in that unit have the [DEVASTATING WOUNDS] ability. After that unit has resolved its attacks, roll one D6: on a 1-2, that unit suffers 1 mortal wound (the warp price). Heterodox-locked units (Anacharis Scoria, Archmagos Draykavac and the Legends daemon engines) can only be included while using this detachment.

FORCE DISPOSITIONS

This detachment has access to the following Force Disposition: Purge the Foe.

ENHANCEMENTS

DAEMONIC SYMBIOTE (20 pts) — *Character model only*

A warp-spawned parasite has bonded with the bearer. At the start of your Command phase, the bearer regains up to D3 lost wounds. In addition, melee weapons equipped by the bearer have the [DEVASTATING WOUNDS] ability.

HERETEK AUGMETICS (15 pts) — *Character model only*

Every model in this unit has replaced sacred organs with corrupted Heretek variants. Add 2 to the Attacks characteristic and 1 to the Strength characteristic of melee weapons equipped by the bearer.

DESIGNER'S NOTE

Homebrew — HH3e (2022) Dark Mechanicum, 11e conversion. Heretek Cybertheurgy is a risk/reward mechanic — free Devastating Wounds at the cost of a chance of self-inflicted mortal wounds, matching the Heterodox Mechanicum's willingness to burn their own to win. Reformatted 2026-08-31 to the current 11e Detachment framework (Detachment Points, Force Dispositions) from an earlier 10e-format draft; rules content is unchanged, since the underlying Mechanicum (HH) unit datasheets referenced here (Archmagos Draykavac, Castellax, Blood Slaughterer) were already verified current against 11e BSData in an earlier project pass. 11th-edition rules pass, 2026-10-10: matched to the New Recruit NFLB data — units now sit in Adeptus Mechanicus with its official Doctrina Imperatives army rule; enhancements re-targeted to Character models (in 11e, Epic Heroes such as Draykavac cannot take enhancements, and the Blood Slaughterer is now GW's official Legends datasheet); enhancement points added; stratagem wording updated.
