Designer's Note. HH3e Tech-Thrall Defence Covenant. Stationary garrison variant — slightly better save (4+ vs 5+) and OC 2, with Dug In + Hold the Line rewarding static play. **11th-edition verification, 2026-08-30:** confirmed still current in fresh HH3e BSData as "Tech Thrall Defence Covenant" (`Mechanicum.json`, non-hidden, typed "Infantry"). Real base chassis (shared with the plain Tech-Thrall Covenant) is SAV6+/no invuln — this card's improved 4+ is an intentional homebrew balance differentiation already documented in this note, not a literal translation, so kept as-is per the "anchor to a tier, don't literally translate" convention. 11th-edition rules pass, 2026-10-10: regenerated from the NewRecruit NFLB catalogue so this card matches New Recruit exactly — official 11e weapon and wargear profiles wherever an official equivalent exists, 11e Orders and wording.
