Psyker

This model is a Psyker. In your Shooting phase, instead of making ranged attacks, this model can manifest one psychic power, chosen from the list below.

Power 1: Smite

Range 18". Select one enemy unit visible to this model. That unit suffers D3 mortal wounds (D6 if it has a Toughness characteristic of 7 or higher).

Power 2: Veil of Time

Select one friendly Legiones Astartes unit within 12". Until the end of the turn, that unit re-rolls Hit rolls and Charge rolls.

Power 3: Warp Shield

Select one friendly Legiones Astartes unit within 6". Until the start of your next Command phase, that unit has a 4+ invulnerable save.

Psychic Hood

Each time an enemy Psyker manifests a psychic power within 18" of this model, roll one D6: on a 5+, that power is denied (has no effect).

Designer's Note. Esoterist is the HH-era Legion Librarian — the psychic specialist. Canonical 10e/11e Librarian covers the role, but the HH version has the iconic "pick one of three powers per turn" mechanic that mirrors HH3e's psychic discipline system. HB: Captain-tier T4/Sv2+/W5/5+ inv (Psychic Hood) plus a per-Shooting-phase choice between Smite (D3 mortal wounds, D6 vs T7+), Veil of Time (re-roll Hit and Charge), and Warp Shield (4+ invuln for an ally), plus a Deny-the-Witch hood at 18". 90 pts — force weapon with Devastating Wounds and D3+1 Damage for psychic-edge melee. **11th-edition verification, 2026-08-30:** real profiles cross-checked in `Legiones Astartes.json` — base Esoterist SAV2+/INV5+ (card had SV3+/INV4+, corrected both — note the card's original 4+ was actually a stronger invuln than the real 5+, still corrected to match the real data), Cataphractii Esoterist SAV2+/INV4+ (already matched). Jump Pack variant corrected to match base (same fix).
