Leader

This model can be attached to one of the following units: Tactical Squad, Veteran Tactical Squad, Breacher Squad, Despoiler Squad, Tactical Support Squad, Seeker Squad, Heavy Support Squad, Recon Squad, or Veteran Assault Squad (Power Armour-equipped models only).

Leader (Terminator variants)

While in a Terminator armour variant, this model can instead be attached to a Cataphractii, Tartaros, or Saturnine Terminator Squad (matching armour type), or a Praetorian Command Squad.

Leader (Jump Pack variant)

While in the Jump Pack variant, this model can instead be attached to a Veteran Assault Squad or any other Jump Pack-equipped unit.

Banner of the Legion

While a friendly Legiones Astartes unit is within 6" of this model, that unit automatically passes Battle-shock tests, and its OC characteristic is increased by 1.

Rally to the Banner

Once per battle, in your Command phase, select one friendly Legiones Astartes unit within 12" of this model. That unit can immediately make a Normal move (overriding the standard Movement phase order), and is eligible to declare a charge in the following Charge phase.

Heroic Death

If this model is destroyed, before it is removed from the battlefield, each friendly Legiones Astartes unit within 6" has +1 to its Attacks characteristic on melee weapons until the end of the next Fight phase — the banner is taken up by another Astartes nearby.

UNIT COMPOSITION

1 Herald model, in one of the Armour Variants listed above. Equipped with: 1 Bolt Pistol; 1 Power Weapon; 1 Banner-Pole.

Designer's Note. Herald is the Legion's banner-bearer — the Standard Bearer of canonical 10e/11e Space Marines (which was dropped as a standalone character and survives only as an Ancient ability on certain units). HB design: Captain-tier T4/Sv2+/W4/5+ inv plus a 6" aura granting auto-pass Battle-shock and +1 OC, a once-per-battle "Rally to the Banner" extra Movement and Charge eligibility, and a Heroic Death payoff giving +1 Attack to nearby units on the next Fight phase. 75 pts — a cheap HQ that buffs objective-holding and Battle-shock immunity.

11th-edition verification, 2026-08-30: real profiles cross-checked in `Legiones Astartes.json` — base Herald SAV2+/INV5+ (card's INV5+ already matched, SV was 3+, corrected to 2+), Cataphractii Herald SAV2+/INV4+ (already matched). Jump Pack variant matches base (same SV fix).
