Leader

This model can be attached to one of the following units: Tactical Squad, Veteran Tactical Squad, Breacher Squad, Despoiler Squad, Tactical Support Squad, Seeker Squad, Heavy Support Squad, Recon Squad, or Veteran Assault Squad (Power Armour-equipped models only).

Leader (Terminator variants)

While in a Terminator armour variant, this model can instead be attached to a Cataphractii, Tartaros, or Saturnine Terminator Squad (matching armour type), or a Praetorian Command Squad.

Leader (Jump Pack variant)

While in the Jump Pack variant, this model can instead be attached to a Veteran Assault Squad or any other Jump Pack-equipped unit.

Honour Duel

Each time this model is selected to fight, if there is an enemy Character model within Engagement Range, this model must direct all of its attacks against that Character (it cannot strike any other model that phase). In exchange, against that Character, this model's melee attacks have +1 to the Strength characteristic and +1 to the Wound roll.

Fights First

This model has the Fights First ability.

Indomitable Will

Each time an attack is allocated to this model, an unmodified Save roll of 6 reduces that attack's Damage to 0.

Master Duellist

Once per battle, in the Fight phase, before this model fights, you can declare a "Mort-Strike": until the end of that Fight phase, this model's melee weapons have the [DEVASTATING WOUNDS] ability and you can re-roll Hit rolls for them.

UNIT COMPOSITION

1 Legion Champion model, in one of the Armour Variants listed above. Equipped with: 1 Bolt Pistol; 1 Master-Crafted Power Sword (or Power Fist, or Thunder Hammer).

Designer's Note. The Legion Champion is the Legion's premier melee specialist — duellist-king, the warrior the Praetor sends forward to break enemy heroes one at a time. Closest 10e/11e analog is Company Champion (Legends). HB: T4/Sv2+/W4/5+ inv (slightly thinner than a Praetor but better Sv) plus Fights First and an "Honour Duel" rule that REQUIRES targeting enemy Characters when within Engagement Range (with +1 Strength, +1 to Wound vs them), plus a once-per-battle Mort-Strike payoff (Devastating Wounds, re-roll Hit). 85 pts — build the army around this model hunting enemy Characters one-on-one. **11th-edition verification, 2026-08-30:** real profiles cross-checked per variant in `Legiones Astartes.json` — base Legion Champion SAV2+/INV5+ (card's SV2+ already matched, but INV was 4+, corrected to 5+), Cataphractii Legion Champion SAV2+/INV4+ (already matched), Jump Pack variant SAV2+/INV5+ (corrected to match base, same fix). Real data also has an "Outrider Legion Champion" (Cavalry, SAV2+/INV5+) that this card's original design never included — left out here too, since a duellist forgoing a bike mount reads as an intentional design choice, not an oversight. No standalone Tartaros Legion Champion profile exists in current data (same pattern as Praetor/Centurion/Delegatus) — kept as an interpretive design choice.
