

DECIMATOR

HERETEK HEAVY WALKER

MECHANICUM (HORUS HERESY) • DARK MECHANICUM

A daemon-engine heavy walker of the Heretek, storm laser and butcher cannon array chattering, siege drill spinning as it closes for the kill.

Butcher Cannon Array

[TWIN-LINKED]

Decimator Siege Drill

[DEVASTATING WOUNDS] [ANTI-VEHICLE 4+]

Daemonic Engine

This model has a 5+ invulnerable save (4+ against Psychic attacks).

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Berserker Rage

Each time this model is selected to fight, you can choose Berserker Rage: until the end of the phase, this model has +1 to Hit and +1 to Wound on melee attacks, but the model suffers 1 mortal wound at the end of the phase.

UNIT COMPOSITION

1 Decimator model. This model is equipped with: 1 Storm Laser; 1 Butcher Cannon Array (Twin); 1 Decimator Siege Drill.

Keywords: VEHICLE, WALKER, DECIMATOR

Faction Keywords: MECHANICUM (HORUS HERESY), DARK MECHANICUM

Designer's Note. HH3e Decimator — daemon-engine heavy walker. Anchored on Knight-tier (T11 W18 OC4). Storm laser + butcher cannon array is the canonical Decimator dakka loadout. Berserker Rage captures the Daemon Engine flavour — overclock at a cost. **11th-edition verification, 2026-08-28:** confirmed still current in fresh HH3e BSDData (`Mechanicum.json`, non-hidden, typed "Automata (Malefic)"). Real SAV2+/INV5+ match exactly; real d10 T7/W5 intentionally scaled up to this card's Knight-tier T11/W18 per the "anchor to a comparable modern tier" rule. No content changes needed, format conversion only.
