

MECHANICUM TERMITE

SUBTERRANEAN ASSAULT TRANSPORT

MECHANICUM (HORUS HERESY)

The canonical Mechanicum mole-launcher — a drill-nosed transport that burrows beneath the battlefield to deliver its cargo of infantry directly into the enemy's rear.

M	T	SV	W	LD	OC
8"	9	2+	10	7+	2

Invulnerable Save: 5+

ABILITIES

CORE: Deadly Demise D3

Twin Volkite Calivers

[SUSTAINED HITS 1] [TWIN-LINKED]

Termite Drill

[ANTI-VEHICLE 4+]

Atomantic Shielding

This model has a 5+ invulnerable save.

Doctrina Imperatives

This model gains the effect of the chosen Doctrina Imperative each Command phase (Conqueror: Hit roll of 6 scores an additional Hit; Protector: enemy Hit rolls suffer -1). See faction ability card.

Iron Discipline

This unit automatically passes Battle-shock tests.

Subterranean Assault

During deployment, you can set up this model in Reserves instead of on the battlefield. In the Reinforcements step of one of your Movement phases, set it up anywhere on the battlefield that is more than 9" horizontally away from all enemy models. Any unit embarked within can also disembark immediately, more than 9" from enemy models.

Conveyor Capacity

This model has a transport capacity of 12 Mechanicum Infantry (slot rules as Triaros Armoured Conveyor).

UNIT COMPOSITION

1 Mechanicum Termite model. This model is equipped with: 1 Twin Volkite Calivers; 1 Termite Drill.

Keywords: VEHICLE, TRANSPORT, TERMITE

Faction Keywords: MECHANICUM (HORUS HERESY)

Designer's Note. HH3e Mechanicum Termite. Deep-Strike-via-drill transport — the canonical Mechanicum mole-launcher infantry insertion. Subterranean Assault gives it Drop-Pod-style mid-game deployment with simultaneous disembark. **11th-edition verification, 2026-08-30:** confirmed still current in fresh HH3e BSData (`Mechanicum.json`, non-hidden, typed "Vehicle (Transport)"). Real profile uses the older Vehicle armour-facing format (Front12/Side12/Rear10/HP5, Transport Capacity 12 — matches this card's capacity exactly) rather than the d10 M/WS/BS/S/T/W system, so T/W/SV kept as-is (format conversion only).
